Sanitary Instructions issued by the Committee of the Liverpool School of Tropical Medicine, for the Use and Observance of Agents of Firms, Companies, or Business Houses in Malarial Places.

A.—HOW MALARIAL FEVER IS CONTRACTED:

It should be realized once for all that Malarial Fever is contracted *only* from the bite of a Mosquito (the Anopheles variety that carries fever germs in its poison secretion, and that the Anopheles Mosquito can get these germs *only* by previously biting persons (Europeans or Natives suffering from fever, or young Native children apparently quite healthy) carrying the Malarial germs in their blood.

B.—HOW BLACKWATER FEVER IS CONTRACTED:

Blackwater fever is also Malarial in its origin, and occurs *only* in those who have suffered periodically from Malarial Fever. This is a most important reason, therefore, for doing all in your power to protect yourself from ordinary, even the mildest, attacks of Malarial Fever.

C.—COMPLETE PROTECTION IS POSSIBLE.

By following out the methods of protection given below.

1. *Mosquito Nets.*—The Senior should satisfy himself that all the European employes of the firm invariably sleep within Mosquito Curtains of a mesh of not less than ten holes to the inch, and kept free from rents. Rents are most easily mended by twisting up the net at the point of breakage and tying round with a piece of String. The net should, when in use, be hung *inside* the poles and tucked in *under* the mattress. When not in use, the free sides of the net should be drawn together, twisted somewhat, and thrown across the top of the net. The net should not have a slit or join in the side. A Mosquito is *never* found inside a properly used net. It is wise to tack on a piece of material all around the net, above the level of the mattress, so as to protect the limbs from bites *through* the net during sleep. Mosquito boots to protect the ankles in the evenings may also be recommended.

2. *Quinine.*—All the European employes of the firm should take at least fifteen grains of quinine per week, and should report in writing to the Senior that they are doing so.

3. *Mosquito proof Room.*—The Senior should see that the quarters provided by the firm for their European employes possess at least one sitting room, or portion of a verandah securely protected by screens of wire gauze against the entry of Mosquitoes. The room or portion of verandah selected for protection should be that which is commonly used by the inmates from sunset to bed time.

4. *Punkahs.*—The Senior should see that the office of the firm and the common dining room of the European employes are provided with Punkahs or Electric Fans, to be used during office hours and during meals respectively.

5. *Details.*—The Senior should see —

(i.) That the premises of the firm are provided with at least one rubbish bin (with a cover).
(ii.) That all cisterns, tanks, tubs, and other vessels required for the permanent storage of water are furnished with accurately fitting covers, and also with wire gauze caps to the pipes, for the purpose of excluding Mosquitoes.
(iii.) That all useless pits, pools, tanks, disused wells, and other unnecessary collections of water within the premises of the firm are filled up or drained away.
(iv.) That all open and permanent collections of water really required for irrigation, washing, or other purposes, are treated once a week with Kerosine Oil for the destruction of larvæ.
(v.) That the surface and rain water drainage of the premises is good, and that the drains and roofpipes are in proper repair.

(vi.) That the latrines are in good condition and well kept.
(vii.) That the drinking water is obtained and stored in a cleanly manner.
(viii.) One of the servant boys might be employed searching for and destroying Mosquitoes in the house, and should receive special instruction in the same, which will be arranged, if necessary, by the Sanitary Authority.

6. *Weekly Inspection.*—Once a week the Senior should make a detailed sanitary survey of all the premises of the firm, including offices, factories, dwelling houses, sleeping rooms, cook rooms, servants' quarters, lavatories, and latrines, and also all gardens, yards, and stables, and should see that the instructions given above are being punctiliously attended to, especially :—
(i.) That employes use Mosquito nets
(ii.) That all rubbish, broken bottles, old tins and pots etc., are kept in the rubbish bin.
(iii.) That no stagnant water is allowed anywhere within the premises unless in vessels adequately protected with wire gauze or in cisterns or wells which are treated weekly with oil.
(iv.) That every part of the premises is in an absolutely clean condition.
(v.) It is suggested that it would be useful that a record of all cases of fever occurring among the employes should be carefully kept.

7. *Natives.*—The Senior should endeavour to apply these rules as much to native employes as to Europeans.

8. *General.*—If the premises of the firm are surrounded by areas which the Senior considers to be insanitary; if dirty streets, houses, yards, and waste grounds, or rank and useless vegetation or useless collections of stagnant water, are allowed to exist in the vicinity of the premises of the firm, the Senior should report the matter once a month to the local Sanitary or Medical Authority until the evil is remedied, and should send a copy of his report to the head of the firm at home.

9. If the Senior requires further instructions regarding the carrying out of any of the orders and suggestions given above, he should apply either to the local Sanitary or Medical Authority or to the medical practitioner entrusted with the care of the employes of the firm, or, failing these, to head-quarters at home.

10. If he thinks that it will be impossible to give effect to any of these instructions, he should describe, in the space opposite the particular instructions referred to, the difficulties he finds in applying them in his own case.

Letter No. 369—J., dated the 21st April 1903, from the Inspector General of Prisons in Mysore, reporting that he is of opinion that the rules prescribed for the vaccination of prisoners on their admission into Jails should also be made applicable to all classes of prisoners confined in the Lock-ups of the State, and submitting for approval draft rules on the subject for incorporation in the Lock-up Rules.

No. 1964-5—J. F. 87 of 03, DATED BANGALORE, 9TH JUNE 1903.

ORDER THEREON.—Government consider that compulsory vaccination should be extended to convicted prisoners but not to those under trial in Lock-ups. They are accordingly pleased to direct that the following rule be inserted as 29A after Rule 29 of the Mysore Lock-up Rules :—

"Convicted prisoners in Lock-ups shall be vaccinated whenever practicable without reference to their wishes".

2. The Superintendent, Government Press, is requested to have 200 copies of the Rule in question printed separately and to forward 150 copies thereof to the Inspector General of Prisons and the rest to the Judicial Department of the General Secretariat.

Letter No. 6794—408, dated 26th May 1903, from the Inspector General of Police in Mysore, to the Secretary to the Government of Mysore, General and Revenue Departments.

I have the honor to forward herewith the report on the working of the Coffee Stealing Prevention Act, for the season ending the 31st March 1903.

2. The following statement shows the number of cases reported under the Coffee Stealing Prevention Act and its disposal :—

Taluks	Cases					Persons				Fines	Remarks
	Reported and pending	Convicted	Acquitted or discharged	Refused	Pending before Magistrate	Prosecuted	Convicted	Acquitted	Pending		
										Rs.	
Chikmagalur ..	4	4	...	...	...	4	4	...	...	59	
Mudgere	8	7	1	...	.	10	9	1	...	18	*Last year's case pending with the Magistrate on B form.

Total for 1903 ...	15*	11	1	...	3†	16	13	1	2	77	† 1 On B. and 2 on A.
Total for 1902 ...	19	18	...	..	..	29	20	...	...	254	

It will be seen from the above that 15 cases (including one case pending from the previous season) were reported during the season under report, against 19 during the previous season; of which 11 ended in conviction against 18 during the previous season, one in acquittal, and the remaining 3, one on B form and the other two on A form, were pending before the Magistrates at the close of the season. Of these 15 cases, the Kadur District had 13 and the Hassan District only 2, both of which were pending before the Magistrates at the close of the season.

3. Sixteen persons were prosecuted during the season against 20 during the previous season, of whom 13 were convicted against 20 during the previous season, one was acquitted, and the remaining two were under trial before Magistrates at the close of the season. The amount of fine realized during the season was Rs. 77 against Rs. 254 during the previous season.

4. On the whole, there was a decrease in the number of offences under the Coffee Stealing Prevention Act, and this may be said to be due to the vigilance and better preventive action of the police

5. Sixteen cases of coffee thefts punishable under the Indian Penal Code were reported during the season against 26 during the previous season. Six of these belonged to the Kadur District and 10 to the Hassan District. It is disappointing to note that none of the 6 cases reported in the Kadur District ended in conviction and their disposal is 2 ending in discharge, 1 being refused investigation and 3 struck off as false. Ten cases were reported in the Hassan District against 2 during the previous season, showing an increase of 8 cases. This increase is reported to be due to the comparatively prosperous condition of the planters, the crops being abundant during the season under review, although there has not been much improvement in the price of coffee. Of these 10 cases, 2 ended in conviction, 1 in acquittal, 3 were refused investigation, 1 was pending before the Magistrate and 3 were pending with the Police at the close of the season. These results may be said to be fair.

6. Thirty-two persons were prosecuted, 5 in the Kadur District and 27 in the Hassan District, against 34 during the previous season. None of the persons prosecuted in the Kadur District were convicted, all the 5 having been acquitted. Of the 27 persons prosecuted in the Hassan District, 7 were convicted, 17 acquitted, and the remaining 3 were under trial before the Magistrate at the close of the season.

7. The Deputy Commissioner of the Kadur District reports that during the coffee-picking season special Police arrangements were made to prevent coffee thefts by opening special Police outposts, by deputation of special detectives, and by organizing a special patrol party to visit the estates, and that the Inspectors of all the Coffee Taluks, especially those of Mudgere and Chikmagalur, have done good work. In 7 of the cases under the Coffee Stealing Prevention Act, which ended in conviction in the Kadur District, one Inspector and four constables were awarded by Magistrates a money reward of Rs. 17. It is further reported in the Kadur District report that the services of two Police constables were lent to Messrs. D. Brett of the Hottenkodgi Estate in the Koppa Taluk, on the usual conditions of payment.

Letter No. 6605—338, dated 19th May 1903, from the Inspector General of Police in Mysore, submitting proposals for the re-organization of the Police Force for the Bowringpet Town.

No. 2099-2101—J. F. 148 OF 03, DATED BANGALORE, 30TH JUNE 1903.

ORDER THEREON.—The town of Bowringpet being in close proximity to the Gold Fields and many bad characters having of late taken refuge there in order to avoid the close supervision of the Police to which they will be subjected in the Fields, the Inspector General of Police, in consultation with the Deputy Commissioner, Kolar District, and the Superintendent of Police, Kolar Gold Fields, considers that the Police Force in the Bowringpet Town should be placed on a more efficient footing than at present, and with this object he submits the following proposals for re-organizing the said force, namely—

(1) to abolish the posts of Jamadar, two Dafadars and one 2nd class constable in the existing strength of the Town Police;

(2) to transfer, in lieu of those abolished, one Chief Constable of the 3rd class and two Head Constables (one of the 2nd class and another of the 3rd class) from the Kolar Gold Fields Force, which, it is stated, can admit of the reduction to the extent proposed;

(3) to distribute the savings of Rs. 87 as specified in the margin that will be effected by this arrangement and also by the abolition of two 2nd class constables from the Gold Fields Force among the twenty constables of the Bowringpet Town Police in the form of allowances at Rs. 4 each as in the Gold Fields and to utilize the remainder *viz.*, Rs. 7 as contingencies; and

	Rs.
Pay of Jamadar Rs. 20+8	28
Do two Dafadars one on Rs. 16 and the other on Rs. 12 ...	28
Do one 2nd class constable	7
Do two 2nd class constables of Kolar Gold Fields, pay Rs. 8+1 each	24
Total ...	87

(4) to place the Force under the charge of the Inspector, who will be directly responsible to the Superintendent of Police, Kolar Gold Fields, the Amildar of the Bowringpet Taluk being relieved of the Town Police charge.

2. These proposals, while not involving any extra cost will, it is considered, facilitate a free intercharge of men from the Gold Fields to Bowringpet and *vice versa*.

3. The Government are pleased to accord their sanction to the foregoing proposals which may be introduced as a tentative measure for one year with effect from the 1st July 1903. The strength of the Force as now sanctioned is shown below:—

Existing strength of Bowringpet Town Police.	Its strength as now sanctioned.
1 2nd class Jamadar on Rs. 20+8.	1 Chief Constable, 3rd class, on Rs. 50+20.
1 1st class Dafadar on Rs. 16.	1 Head Constable, 2nd class, on Rs. 20+10.
1 3rd class Dafadar on Rs. 12.	1 Head Constable, 3rd class, on Rs. 16+10.
5 1st class constables at Rs. 8 each.	5 constables, 1st class, on Rs. 8+4 each.
16 2nd class constables at Rs. 7 each.	15 constables, 2nd class, on Rs. 7+4 each.

4. The Government also approve of the suggestion of the Inspector General that the Amildar of the Bowringpet Taluk may, as an experimental measure, be divested of the Police charge of the entire taluk, which will be placed under the Inspector, under the direct control of the Superintendent of Police, Kolar Gold Fields, subject to the supervision of the Deputy Commissioner, Kolar. A report on the working of this arrangement should be submitted at the end of one year from its introduction.

(2) Government Order No. 9143-51—J. 1025, dated the 5th February 1898, directing the substitution in Form of Arms License No. IV, of a revised condition to the effect that a license may be renewed previous to its expiration on payment of a second fee.

(1) Letter No. 6127—368, dated 22nd April 1903, from the Inspector General of Police in Mysore, to the Secretary to the Government of Mysore, General and Revenue Departments:—

"I have the honor to state that during my tour of inspection in the interior of the Province I observed a number of guns either seized by the Police or deposited with them by the owners for want of renewed licenses, though it was admitted in many cases that the owners had applied for a renewal of the licenses. The attention of the subordinate Police was drawn by a circular (copy enclosed for reference) to the proviso contained in Government Proceedings No. 7880-915—J. 900, dated 11th January 1988, which to some extent, alleviates the inconvenience caused by the seizure of the arms. But from the judgment of the Chief Court in its revision side (published in page 5 of the *Daily Post* in the issue of the 13th instant) it will be seen that Mr. Chief Justice Ramachandra Iyer and Mr. Justice Meiklejohn have upheld the validity of a conviction for being in possession of a gun in respect of which the license had become time-barred, though the owner of the gun had applied for a renewal of the license, and held that the accused should have deposited the gun in the nearest Police station.

This judgment of the highest tribunal in the Province conflicts with the order of the Government in the marginally noted Proceedings passed by virtue of authority vested in them under Section 12 of the Regulations, though I am not aware whether or not the same was brought to the notice of the honourable Judges. I request, therefore, that you will be good enough to move the Government to declare whether it is still considered obligatory on the part of licensees under Form IV to deposit their guns with the Police after the expiry of the period noted in the license and till the receipt of a new one, or whether the concession laid down in the above order of Government may be continued to be acted upon.

Government Proceedings No. 7880915—J. 900, dated 11th January 1898.
Government Proceedings No. 9143-51—J. 1025, dated 5th February 1898.

If Government are pleased to adopt the latter course, I beg to state that at present the Police are, as a matter of fact, ignorant of a man's having taken any action for the renewal of his license but have, to a certain extent, to depend upon his uncorroborated statement. I would therefore suggest that in future all applications for a renewal of license may be presented to the Magistracy through the Amildar or the Deputy Amildar as the case may be, who will grant the applicant a receipt in token of having received such applications. Such a procedure will facilitate the Police to know at once in what cases the guns have to be seized or not, and thereby the object of Government will be met by minimizing the inconvenience or annoyance which the owners of arms would otherwise have to undergo."

(2) Letter No. 6471—235, dated the 19th May 1903, from the Registrar of the Chief Court, forwarding the records in Criminal Revision Case No. 176 of 1902-03 on the file of that Court.

No. 2122-63—J. F. 81 A. OF 1903, DATED BANGALORE, 30TH JUNE 1903.

ORDER THEREON.—Government consider that there is some hardship involved in enforcing the provisions of the Rules under the Arms Regulation against persons who have applied for renewal of their license, during the interval between the date of their application and the final order of the District Magistrate granting or refusing such renewal. To prevent this, they direct that the following proviso may be added to the last sentence of Rule 14 of the Arms Rules:—

> "Provided always that where a renewal of license is applied for as aforesaid, the period of its currency shall, whether the application is eventually granted or refused, be deemed to include the interval during which the application was pending disposal."

(2) With the above addition, Rule 14 will run as follows :—

"All licenses under Rules 7 and 8 shall expire on the 31st December of the year for which they may be issued, licenses under Rule 11 shall expire on the 31st December of the fifth year of their currency. But the currency of a license may be renewed previous to its expiration and on payment of a second fee by the same authority that granted it; provided always that where a renewal of license is applied for as aforesaid, the period of its currency shall, whether the application is eventually granted or refused, be deemed to include the interval during which the application was pending disposal."

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ THE FOLLOWING PAPERS :—

(1) This office letter No. 1136—Legis. 12, dated the 19th July 1902, to the First Assistant to the Resident in Mysore.

"I am directed to forward herewith a copy of a Draft Regulation to consolidate and amend the law relating to the Registration of documents in Mysore, and to request that the approval of the Government of India may kindly be obtained to its being passed into law.

"2. The Indian Registration Act, III of 1877, was extended to Mysore with effect from the 13th June 1877. Since then it has been amended by Act XII of 1879 and by Regulations IV of 1890 and VIII of 1894. There are, however, a number of other amendments, passed from time to time in British India, which remain to be adopted; and the wording of the Act has also to be altered in places to suit the circumstances of this State. Instead of reciting a long list of changes, with the incidental risk of mistakes and omissions, it has been considered preferable to pass a fresh consolidating and amending Regulation, as in the present Draft.

The more important alterations are noted below :—

"3. *Section 1.*—The present Regulation will, like the previous Acts of 1864, 1866, 1871 and 1877, apply to the whole of Mysore; and it is unnecessary to retain provisions for excluding particular districts or tracts of country from its operation.

Being virtually a reproduction of the existing law, the Regulation will come into force as soon as it is passed.

"4. *Section 2.*—The first clause of this section and the schedule embody the necessary repealing provision.

"5. The last clause, as regards the construction of references to repealed enactments, is unnecessary in view of the rule already contained in section 8 of the General Clauses Regulation, 1899, and has therefore been omitted.

"6. *Section 3.*—The definition of 'signature' and 'signed,' has also been omitted for a similar reason, *vide* clause 37 of section 3 of the General Clauses Regulation.

"7. In connection with the definition of 'minor' there appears to be some uncertainty as to what is to be taken as the age of majority according to the 'personal law' of a person in Mysore. In British India it has been settled in accordance with the Indian Majority Act, IX of 1875, that a person is to be regarded as a minor who has not completed his eighteenth year. The above Act is not in force in Mysore, though Rule 2 of the Guardianship Rules of 1872 is to a similar effect. On the other hand, under Hindu and Mahomedan laws, minority ceases on the completion of the sixteenth year, except in case of such females under the latter law as have previously attained their puberty. Under these circumstances the practice in Mysore has not been uniform. To remove the uncertainty, it is proposed to define 'minor' as meaning 'a person who has not completed the age of eighteen years'

"8. The definition of 'District Court' has been omitted, as the Chief Court of Mysore has *as such* no ordinary original jurisdiction.

"9. *Section 9*, the last portion of *Section 10* and and *Section 92* of the Act have been omitted as inapplicable; as also the reference to the Administrator Generals of Bengal and Bombay in *Section 88*.

"10. *Section 17.*—All previous Registration Acts were, as already stated, extended to every part of Mysore; hence the omission of certain words in the first part of this section.

"11. *Section 17, Clause (n).*—Section 194 of the Mysore Land Revenue Code, 1888, embodies the provision which corresponds to the Agriculturists' Loans Act, 1884.

"12. *Section 30.*—The Government of India Notification No. 708, dated the 9th May 1878, has declared that Bangalore is to be deemed a Presidency Town within the meaning of this section. Hence the substitution.

"13. *Section 33.*—The omission of the words struck out in clause (*a*) and of the whole of clause (*b*) follows from the fact that the Regulation will be applicable to the whole of Mysore and not merely to a part of it. The omission of the words 'or Court or Magistrate' etc., in the rest of this section (except the last paragraph) is a consequential amendment.

"14. *Section 50, Explanation.*—As regards the words omitted, *vide* note against section 17.

"The word 'July' has been changed to 'September' since Act VIII of 1871 was extended to Mysore with effect from the 1st September 1871.

"15. *Schedule.*—That portion of Section 108 of Act XII of 1879 which relates to Articles 161, 171, 171A, 171B and 171C, of the Second Schedule to the Indian Limitation Act has been virtually superseded by Sections 22, 24 and 25 of Regulation III of 1896. It is now formally repealed along with the other sections of the Act."

(2) Letter No. 5838, dated the 18th October 1902, from the First Assistant Resident, forwarding for consideration a memorandum containing certain remarks on the Draft Registration Regulation.

* * * * *

"5. *Section 3.*—The definition of 'signature' and 'signed' has been omitted in the Draft for the reason (*vide* paragraph 6 of the Durbar's letter quoted above) that the Mysore General Clauses Regulation, III of 1899 (Section 3 (37)) already contains a definition of those terms, which is reproduced below :—

"'Sign' with its grammatical variations and cognate expressions, shall, with reference to a person who is unable to write his name, include 'mark,' with its grammatical variations and cognate expressions."

"The above definition is the same as that contained in the Indian General Clauses Act, X of 1897 (*vide* Section 3 (52)). In the Bill to amend the Code of Civil Procedure, now before the Government of India, it is proposed to insert the following clause 2 (*u*) under the head of definitions :—'Sign' does not include a signature by initials.

"The reason given in the Statement of Objects and Reasons for the proposed clause is as follows :—

"The definition of 'sign' contained in Section 3, clause (52), of the General Clauses Act, 1897, requires to be supplemented with a view to negativing the possible inclusion of initials, which might be productive of serious mistakes and abuses in connection with the signing of judgments and processes.

"The same reason may with equal force be urged with regard to the signing of documents for registration (*vide* clauses 58 (*a*) and (*b*)) and of the endorsements and orders to be made in connection therewith (*vide* clauses 59, 71, 72, 75 and 76 of the Draft). The insertion of a clause to the effect that 'sign' does not include a signature by initials in the Draft, or the addition of the words 'but does not include a signature by initials' to the definition of the word 'sign' in Section 3 (37) in the Mysore General Clauses Regulation, III of 1899, seems desirable.

"6. The definition of 'District Court' in the Indian Registration Act, III of 1877, reproduced in the margin,* has been omitted in the Draft as it is said that the Chief Court of Mysore has, *as such*, no ordinary original jurisdiction (*vide* paragraph 8 of the Durbar's letter). Under the authority conferred by Section 12 of the Mysore Chief Court Regulation, I of 1884, as amended by Regulation II of 1890, the Chief Court was invested with the ordinary original civil jurisdiction of a District Court over the districts of Bangalore, Kolar and Tumkur (*vide* Notification of the Durbar No. 17283—Mis. 4305, dated 30th June 1898, published on page 506 in the *Mysore Gazette* dated 7th July 1898, Part I). With a view to relieve the Chief Court of this work and to give the Sub-Judge of Bangalore unlimited jurisdiction, Regulation III of 1901 was passed. It would, however, appear that effect has not as yet been given to the provisions of the said Regulation, and that original civil jurisdiction is still exercised by one † of the Judges of the Chief Court as stated above. This jurisdiction is the jurisdiction conferred *upon the Chief Court*, under Section 12 of the Chief Court Regulation, and the work done by the Judge, though sitting singly, is shown as the work of the Chief Court (*vide* Judicial Statements 7, 8 and 9 on pages 19, 20 and 21, respectively, of the Report on the Administration of Civil Justice in Mysore for the year 1900-01). The statement made in paragraph 8 of the Durbar's letter is therefore not understood.‡

* "District Court" includes the High Court in its ordinary original civil jurisdiction.

† Section 12 (5) of the Chief Court Regulation provides that "for the purpose of exercising the ordinary original civil jurisdiction conferred upon the Chief Court under Section 12, the Chief Court shall depute one of the Judges of such Court. .. .." It would appear that the Judge so deputed tries suits of a higher value than Rs. 10,000, suits of lesser value being tried by the Sub-Judge of Bangalore, whose local jurisdiction also extends over the Bangalore, Kolar and Tumkur Districts.

‡ In this connection vide the observations of JJ. Best and Ramachandra Iyer as regards the work done by one of the Judges of the Chief Court deputed for the purpose of exercising the ordinary original criminal jurisdiction, reported on page 5 of the 'Daily Post' of the 30th September 1902. It was there held that 'a Judge of the Chief Court exercising criminal jurisdiction under clause (5) of section 12 of the Chief Court Regulation does not cease to be a Judge of that Court, and that all orders passed by him in the exercise of such jurisdiction are clearly orders of the Chief Court.' The same remarks would apply to the original civil jurisdiction exercised by such a Judge.

"7. *Section 9.*—This section provides that whenever any * Registrar is absent otherwise than on duty, or when his office is temporarily vacant, the Judge of the District Court within whose jurisdiction the Registrar's office is situate shall, in default of the appointment of any other person by the Inspector General of Registration, be the Registrar during such absence. There is at present no separate District Court for the districts of Bangalore, Kolar and Tumkur, but one of the Judges of the Chief Court exercises the powers of a District Judge as stated in paragraph 6 above. It is not clear whether during the temporary absence, as aforesaid, of the Registrar of any one of these districts, the Judge of the Chief Court exercising the powers of a District Court shall be the Registrar.

*Note.—As a general rule the Deputy Commissioner of the district for the time being shall be *ex-officio* Registrar (*vide* rule 2 printed under section VI on page 6 of the Registration Laws) now in force in Mysore.

* * * * *

"9. *Section 33.*—Certain words in clause (*a*) and the whole of the clause (*b*) of section 33 of the Indian Registration Act, III of 1877, have been omitted in the corresponding section in the Draft Regulation. These omissions are likely to create doubts as to the extent of the Regulation, when passed into law. For, clause (*a*) in the Draft Regulation directs that, if the principal at the time of executing the power-of-attorney resides in *any* part of Mysore, a power-of-attorney executed before and authenticated by the Registrar or Sub-Registrar, within whose district or sub-district the principal resides, shall alone be recognised for the purposes of section 32. Although the Civil and Military Station is in Mysore, still, under the Registration Act, III of 1877, as applied to the Station, the Registering officers appointed therein are not bound to authenticate the execution of a power-of-attorney by a person residing in the station, which is intended for presentation before a Registration officer in the Mysore State, as clause (*c*) of section 33 of the Act would apply to such powers and not clause (*a*); while the latter *i. e.*, the Registering officer in Mysore might, owing to misapprehension of the provisions of section 33 (*a*) of the Draft Regulation, require such a power-of-attorney to be so authenticated, for the reason that the Civil and Military Station forms a part of Mysore. Clause (*b*) of section 33 in the Draft Regulation might apply to a power-of-attorney of the above description, if the term 'Mysore' is, as it should be, interpreted to mean the territories of Mysore 'administered by His Highness the Maharaja.'

"The point might, however, be made clear by the issue after the draft Regulation becomes law, of a circular under section 69 to the effect that powers-of-attorney executed by persons residing in the Civil and Military Station and authenticated by any of the officers mentioned in clause (*b*) to Section 33 of the proposed Regulation should be recognised by the Registering officers in Mysore, or by amending the definition of the term 'Mysore' in section 2 (24) of the Mysore General Clauses Regulation, III of 1899, or by inserting a definition in the Draft as follows:—

"'Mysore' shall mean the territories administered by His Highness the Maharaja."

(3) This office letter No. 11373—Legis. 74, dated the 5th February 1903, to the First Assistant to the Resident in Mysore.

"I am directed to acknowledge the receipt of your letter No. 5838, dated the 18th October 1902, suggesting certain points for the consideration of the Durbar in connection with the Draft Registration Regulation forwarded with my letter of the 19th July 1902, No. 1138—Legis. 12.

* * * * *

"4. The suggestion in para 5 of the memorandum, to the effect that words may be inserted, either in the present Draft Regulation or in the definition of 'sign' contained in section 3 of the General Clauses Regulation, negativing signature by initials, does not commend itself to the Durbar. For, in the first place, the proposed amendment in the Civil Procedure Code Bill now before the Government of India is apparently intended to have a strictly limited application, that is to say, in connection with the signing of judgments and processes; and there is nothing to indicate that the Indian Legislature contemplates a similar amendment either of the Indian General Clauses Act or of the Registration Act. In the next place, a general exclusion of signing by *initials* seems inconsistent with the admission of signatures even by *marks*; very often a man's literacy extends only to the production of the initial letter or letters of his name, and it would certainly be hard to debar him from 'signing' in that way, when a person who cannot do even so much is permitted to make his 'mark' by way of signature. It must be remarked, also, that the provisions in the Registration law in regard to signing apply not merely to Registering officers, but also to private persons executing documents, etc., who in the majority of cases are not likely to be sufficiently literate

to be able to sign their names in full. The Durbar would, for all these reasons, prefer to await, instead of anticipating, the action, if any, to be taken by the British Indian Legislature in the matter.

"5. Para 6 of the memorandum questions the correctness of the reasons given in my letter for the omission from the Draft Regulation of a definition of 'District Court.' With reference to this I am to state that the definition in question was omitted from the Draft Regulation on the ground that the Chief Court of Mysore has, as Chief Court, no ordinary original jurisdiction, a statement which I am directed to explain as follows :—

"In the absence of a notification under section 12 of Regulation I of 1884 (as amended by Regulation II of 1890) the Chief Court of Mysore cannot, it is clear, exercise any original jurisdiction whatever. Now, the jurisdiction which that section empowers Government to confer on it is the ordinary original jurisdiction of a *District and Sessions Court*; and when the Chief Court exercises the said jurisdiction, it (that is to say, the Judge deputed for the purpose) is to all intents and purposes a District and Sessions Court. The remark quoted in the margin of the memorandum from an order passed recently by JJ. Best and Ramachandra Iyer referred merely to the status of the Judge presiding at Sessions as a Judge of the Chief Court, and does not seem to have been intended, and cannot be taken, to imply that the Chief Court can have any ordinary original civil or criminal jurisdiction, otherwise than by being invested by a notification (liable to be withdrawn at the pleasure of Government) with the jurisdiction of a District and Sessions Court. Again, it is to be remarked that, when the Codes of Civil and Criminal Procedure were introduced into Mysore, all provisions relating to the ordinary original jurisdiction, civil and criminal, of a High Court were deliberately expunged. (Cp. for example sections 7 and 43 of Regulation II of 1884 and section 3 of Regulation I of 1886.)

"6. The provision in section 12 of the Chief Court Regulation, regarding the deputation of one of the Judges to exercise the powers of a District Court, has reference solely to the exercise of the civil jurisdiction transferred to the Chief Court under that section, and not to the performance of any other functions of a District Court. This is evident from the language of sub-section (5) :—

> '*For the purpose of exercising the ordinary original civil jurisdiction conferred* upon the Chief Court under section 12, the Chief Court shall depute one of the Judges of such Court, who shall, *for the purpose aforesaid*, conduct his proceedings'....etc., etc.

It will thus be seen, with reference to para 7 of your office memorandum, that no Judge of the Chief Court will ever be called upon, as the law at present stands, to perform the duties of a Registrar of Assurances.

"7. At the same time, I am to state, in connection with the points dealt with in the two preceding paras, that the Durbar have recently re-established a separate District and Sessions Court for the Districts comprised in the Nundydrug Division, and withdrawn the ordinary original jurisdiction of such a Court which had been assigned to the Chief Court in 1898.

"8. The question raised in para 9 of the memorandum regarding the interpretation of the term 'Mysore' in section 33, has, as will be seen by a reference to the correspondence ending with your letter No. 5775, dated the 16th October 1902, been also considered separately in connection with a circular issued by the Inspector General of Registration in Mysore. The Durbar fully agree in the view taken by the Hon'ble the Resident as regards the meaning of the term ; and they propose to direct the withdrawal of the circular above referred to, and also to adopt the first of the alternative suggestions made in para 9 of the memorandum, *viz.*, the issue of a circular to Mysore Registering officers that powers-of-attorney executed by persons residing in the Civil and Military Station of Bangalore, and authenticated by any of the officers mentioned in clause (*b*) of section 33 of the Regulation, should be recognised. This seems to be all that is required.

"9. In conclusion I am to request that the Draft Regulation may now be kindly submitted for the approval of the Government of India."

(4) Letter No. 2647, dated 10th June 1903, from the First Assistant to the Resident in Mysore :—

"With reference to the correspondence ending with your office letter No. 11373—Legis. 74, dated the 3rd February 1903, forwarding a revised Draft Regulation to consolidate and amend the law relating to the registration of documents in Mysore, I am directed to state that the Government of India sanction the Draft Regulation on the understanding that the Durbar consider that the proposed instruction in respect to the meaning of 'Mysore' (*vide* paragraph

8 of your office letter under reference) is sufficient, and provided that the Governor General in Council retains, with regard to the Regulation, the power and authority vested in him by Article 19 of the Instrument of Transfer."

No. 159-60—LEGIS. F. 1-03, DATED BANGALORE, 30TH JUNE 1903.

ORDER THEREON.—Ordered that the Draft Regulation for the Registration of Documents in Mysore, which received the assent of His Highness the Maharaja on the 27th day of June 1903, be promulgated.

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Letter No 428, dated 12th March 1903, from the President, Kolar Gold Fields Sanitary Board, submitting the budget estimates of receipts and expenditure of the Sanitary Board for 1903-04.

No. 17063-8—L. F. 3-1903, DATED BANGALORE, 1st JUNE 1903.

ORDER THEREON.—The revenue under all heads for the year 1903-04, is estimated at Rs. 59,016 against Rs. 27,328, the actuals of 1901-02, and Rs. 50,000, the sanctioned estimates for 1902-03.

2. *I. 76 Per cent of Local Cess.*—The increased estimate under this head is supported by the jamabandi accounts for 1902-03 and is approved.

3. *Mohatarfa.*—The decrease under this head compared with the sanctioned estimate for 1902-03, is due to the fact that coolies working in the mines, who are not now allowed to live in villages, erect huts in the cooly lines at their own cost, paying ground rent to the Board, and that most of the houses in the villages paying house tax condemned by plague authorities have been demolished.

4. *Miscellaneous License Fees from Shops.*—The decrease expected under this head is due to the jodidar of Gonimakalahalli being allowed to collect fees from shops situated on his land as per Proceedings No. 19000—L. F. 17-99, dated 9th June 1902.

5. *Miscellaneous Market Fees.*—The President explains that more than Rs. 11,000 having been collected during the first six months of the current year, an increased estimate is proposed under this head. This is approved.

6. *Opening Balance.*—The correct opening balance for 1903-04 is Rs. 9,760 with reference to the actual balance of Rs. 2,483 on 1st July 1902, and the sanctioned estimates for 1902-03 as shown hereunder, but as the Comptroller now reports that the loan of Rs. 20,000 sanctioned by Government has been adjusted in the accounts for February 1903, by a credit to the Sanitary Board, the same will be raised to Rs. 29,760 :—

	Rs.
Actual balance on 1st July 1902	2,483
Receipts	50,000
Total ...	52,483
Deduct expenditure ...	42,723
Estimated closing balance for 1902-03	9,760
Add	20,000
Total ...	29,760

EXPENDITURE.

7. *A. and B. Public Works.*—The provisions that should be made under these heads on account of tools and plant at ½ per cent on the cost of works, are only Rs. 36 and Rs. 145, and not Rs. 150 for each as proposed. The former figures will be retained in the budget, the totals being reduced to Rs. 8,378 and Rs. 32,045. It is observed that the detailed statements of original works and repairs under these heads have not been drawn up in the forms prescribed in Government Proceedings No. 7259-66—L. 576, dated 25th September 1891. They should in future be submitted in the proper forms.

CIVIL CHARGES.

8. *I. Office Establishments.*—Under this head provision is newly made for a gumasta on Rs. 15 per mensem stated to be required for keeping the collection register and records in order, and for an increase of Rs. 5 to the deputy clerk on Rs. 15+10 and also for an allowance of Rs. 5 each to the two rent collectors on Rs. 15 each per mensem, the provision for pensionary contribution being raised from Rs. 88 to Rs. 115 on this account. As under para 3 of Government Proceedings No. 5127-5207—L. 635, dated 21st June 1892, all changes in permanent establishments require the sanction of Government and should not be provided for in the

annual budgets before they are sanctioned by Government, these increases will be retained pending the issue of final orders on the President's letter No. 446, dated 18th March 1903.

9. *IV. Conservancy and Sanitary Charges.*—The marginally noted increases and new items are provided for under this head.

(*a*) Item (1)—is in accordance with the sanction already accorded.

(*b*) Item (II)—As one more cart is stated to be necessary to water avenue trees in the New Town roads, the proposal to employ an additional cart at Rs. 27½ per mensem, the hire of the existing carts being reduced from Rs. 30 to Rs. 27½ each per mensem and the provision made therefor are approved.

(*c*) Item (III)—The provision made for 20 additional sweepers or toties required to keep the villages, cooly colonies, markets and roads and public buildings, etc. clean, will be passed.

(*d*) Item (IV)—In lieu of a moiety of the cost of the conservancy establishments and contingencies amounting to Rs. 1,260 sanctioned in the budget for 1902-03, the President provides in the present budget, in accordance with resolution No. 5 of the Proceedings of the Sanitary Board dated 5th March 1903, for the full cost of establishment and contingencies sanctioned in Proceedings No. 11262—L. F. 114-92, dated 1st April 1896, and modified in Proceedings No. 572-4—L. F. 114-92, dated 8th July 1896, for the special sanitation of the Kolar Gold Fields before the constitution of the Sanitary Board. An increase of Rs. 208 is also proposed on account of sanitary contingencies. As the proposal is in accordance with the instructions issued in this office No. Fl. 1024, dated 12th January 1903, the same will be allowed to stand.

10. At present there are 50 lamps and it is proposed to purchase ten more at a cost of Rs. 25 each. This is sanctioned.

11. X. *Miscellaneous—Cost of Furniture.*—It is proposed to purchase another iron safe for the Sanitary Inspector and two almirahs, tables and chairs for the office use. The provision is retained, subject to the submission of an estimate and sanction therefor.

12. The other items call for no remarks.

13. The budget estimates of receipts and expenditure for 1903-04 are sanctioned as shown in the appended statements, abstract results being given below:—

RECEIPTS.

2. *X. Miscellaneous.*—A sum of Rs. 24 having already been realized from fines under the Village Sanitation Rules, the estimate is proposed to be raised from Rs. 5 to Rs. 25, which is allowed.

3. *Opening Balance.*—The estimate under this head is proposed to be raised to the actual balance of Rs. 28,825 as intimated by the Comptroller. But as the actual balance on 1st July 1902, as per final accounts of the Comptroller furnished to this office is Rs. 32,426, the latter figure will be adopted as the correct estimate under this head.

EXPENDITURE.

4. *A. Public Works.*—Under "II. Repairs" the present budget provides a sum of Rs. 5,000. on account of the special repairs of the Arsikere-Hassan road estimated to cost Rs. 7,500. The provision made for this and the corresponding increases proposed under "III. Establishment" and "Tools and Plant" is approved.

CIVIL CHARGES.

5. *III. Hospitals and Dispensaries.*—The provision of Rs. 120 made in the original budget for the special allowance to the Hospital Assistant deputed to visit

Grama once a week has been omitted in the present budget, which provides in lieu thereof the following items:—

		Rs.
1.	Cost of a chair and table for the use of the Hospital Assistant visiting Grama weekly.	25
2.	Cost of bedding and clothing supplied to the Female Dispensary at Hassan during 1900-01.	65
3.	Ditto a compounding table and an ordinary table for the Alur dispensary.	74

It should be explained why and under what circumstances the cost of bedding and clothing supplied so far back as 1900-01 has been allowed to remain unadjusted and why Rs. 65 are provided in the budget, while the amount specified in the Board's resolution of 28th February 1903 is only Rs. 62, and whether tables were not supplied to the Alur dispensary when it was opened and if they were once supplied what necessity there is now for a fresh supply. Pending information, these items will be allowed to stand.

6. It is observed that the sub-heads under "Civil Charges" have not been shown in the proper order nor are the major heads consecutively numbered in the budget statement submitted by the President. Such irregularities should be avoided in future.

7. *IV. Midwives.*—The additional grant of Rs. 45 proposed under this head is stated to be needed to meet the arrears of pay due to the midwife of Saklespur "since September 1900." Pending the submission of the promised reference explaining the circumstances under which her pay was allowed to fall into arrears, the provision will be retained.

8. *V. Sweepers for 3rd Class Travellers' Bungalows and Musafirkhanas.*—It is proposed to employ from 1st April 1903, a sweeper for the newly constituted musafirkhana at Javagal at Rs. 6 per mensem. The provision accordingly made in the present budget for his pay for three months is approved.

9. *X. Miscellaneous.*—The increase proposed under "Other items" and the decrease under "Cattle-pounds" are sanctioned.

10. The results of the revised budget estimates of the Hassan Local Fund Circle for 1902-03, as now sanctioned are shown below. The details are appended.

(1) Letter No. 374, dated the 12th February 1903, from the President of the Sanitary Board, Kolar Gold Fields, submitting copy of the proceedings of the Board at a meeting held on the 6th February 1903.

(2) Letter No. 940, dated the 17th April 1903, from the same officer submitting, with reference to this office docket No 13219—L. F. 31-99, dated the 2nd March 1903, copy of docket No. 465 of the 25th March 1903, from the Vice-President of the Sanitary Board explaining that Mr. Syed Amir Hassan did not attend the meeting of the Board in question and that no notice of the meeting was sent to him as the Vice-President had no intimation of the fact of Mr. Syed Amir Hassan acting as Deputy Commissioner and President of the Sanitary Board and as he was under the impression that Mr. Syed Amir Hassan was merely in charge of the District in addition to his own duties during Mr. Carr's absence.

No. 17431-43—L. F. 31-99, DATED BANGALORE, 12th JUNE 1903.

ORDER THEREON.—Mr. Syed Amir Hassan was appointed to act as Deputy Commissioner by Notification No. R. 2737, dated 22nd December 1902. This notification appeared in the Gazette of the 8th January 1903. Under Section 1, para 2 of the Rules published with Notification No. 16346—L. F. 17-99, dated 10th June 1901, the Deputy Commissioner "shall be the President of the Sanitary Board." The meeting in question was held on the 6th February 1903, and Mr. Amir Hassan's appointment as Acting Deputy Commissioner and his taking charge of the District from Mr. Carr had been notified previously (*vide* Gazettes dated 8th and 22nd January 1903 respectively). That being so, Mr. Amir Hassan should have had notice of this meeting at which, if possible, he should have presided as President. Government do not consider Mr. Plumer's explanation satisfactory. Whether expressly appointed to officiate or not, an Officer in charge of a District is entitled to be treated as a Deputy Commissioner in all such matters.

L. B. B.—MUNICIPAL

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Letter No. 221, dated the 15—18th April 1903, from the President of the Municipal Commission, Bangalore City, submitting the explanation called for in Government Proceedings No. 13109-14—L. F. 11-02, dated the 26th February 1903, in regard to the budget estimates of the City Municipality for the year 1902-03.

No. 17287-92—L. F. 11-02, DATED BANGALORE, 6TH JUNE 1903.

RECEIPTS.

ORDER THEREON.—X. *Miscellaneous.*—The President explains that the Comptroller adjusted, in his account for March 190 , a sum of Rs. 1,107 as miscellaneous contribution on account of certain road taken up for the Victoria Hospital, and that with a view to provide for similar contingencies an additional sum of Rs. 1,452 over and above the sanctioned estimate for 1901-02, was included in the budget under the head "M. Contribution." As this is an unusual item, the amount ought not to have been included in the estimate, which will not, however, be now disturbed.

Para 6 of the Government Order.
Para 2 of the President's letter.

2. *Opening Balance.*—The estimate under this head will be reduced from Rs. 23,776 to Rs. 23,108 which is the correct actual balance on the 1st July 1902, as per Comptroller's final accounts.

EXPENDITURE.

3. *II. Head Office.*—As funds are insufficient, the proposed increases to the existing men and the employment of additional men cannot be sanctioned. If these are absolutely necessary, a proposition statement showing clearly the work done by each of the existing officials, the necessity for each item of increase, and the source from which the charge could be met, should be submitted.

Para 8 of the Government Order.
Para 3 of the President's letter.

4. *III. Collection* (*b*) *House and Mohatarfa Taxes.*—The increased provision of Rs. 222 under this head was retained, subject to the submission of a separate reference on the subject. The President now explains that the work devolving on the single distraining officer is too heavy to be done satisfactorily, and that owing to the increase of work to the accountant consequent on the extension of Octroi, his pay had to be raised by Rs. 5 a month, and that as some peons in the Municipality are paid Rs. 7, the dafadar working under the Collector should get one rupee more. This explanation cannot be accepted, especially in the present state of Municipal finances when recommendations of the kind should be sparingly made. The President is therefore requested to submit a proposition statement explaining clearly each new item and increase. Pending such reference and orders of Government thereon, the provision retained for increases should not be utilized.

Para 10 of the Government Order.
Para 4 of the President's letter.

5. *IV. Conservancy* (*a*) *Establishment.*—The provision of Rs. 29,412 made in the budget in accordance with the Sub-Committee's recommendation, was retained pending the submission of a separate reference from the President. Instead of submitting a separate reference, the President now states that the abolition of two Probationary Overseers, whose employment was sanctioned by Government four years back, was recommended by the Sub-Committee without reference to the Health Officer, and that their abolition materially affects the efficient supervision of the conservancy staff. He promises to submit a separate reference in regard to the Health Officer's recommendation for the entertainment of qualified Sanitary Inspectors and

Para 11 of the Government Order.
Para 5 of the President's letter.

for dispensing with the services of all the Overseers, and requests sanction, in the meantime, to the retention of the two Probationary Overseers. It is observed that in addition to the Sanitary Inspector and his assistant there are at present 9 Overseers on different grades of pay for the seven Divisions of the City, and the necessity for the proposed retention of the two Probationary Overseers in spite of the recommendations of the Sub-Committee and the Board, is not clear. Government are not therefore prepared to sanction the re-employment of the said Overseers, whose services were ordered to be done away with, or any other change which may involve extra expenditure to the Municipality.

Para 12 of the Government Order. Para 6 of the President's letter.

6. *IV. (b) Other Charges.*—In accordance with the Sub-Committee's recommendation the Board proposed to reduce the number of conservancy carts from 30 to 18; but instead of making such large reduction, the Government sanctioned the retention of 25 carts at Rs. 15 a month, subject to the submission of a detailed report as to how the said carts were employed in the various parts of the City. But the President now states that there are 37 carts distributed over the City as per list submitted with his No. 213, dated the 8—11th April 1903, and that the reduction of 12 carts ordered by Government cannot be carried out without inconvenience. He requests, therefore, that, pending orders of Government, the continuance of the existing carts may be permitted. It should have been explained under what authority or circumstances 37 carts were employed when the budget sanction was only for 30 carts. This should now be done, and in the meantime the President may use his discretion, as already observed in Government Proceedings No. 16162-3—L. F. 11-02, dated 16th May 1903, in the matter of the reduction of the number, the cost of any number in excess of the reduced number sanctioned, *viz.*, 25, being met by re-appropriation. The provision for purchase of carts cannot, however, be raised by Rs. 300 as proposed.

Para 14 of the Government Order. Para 7 of the President's letter.

7. *VI (b) Registration of Births and Deaths.*—On the recommendation of the Sub-Committee, the Board provided for 7 Sub-Registrars and 7 peons at the rate of one for each Division against the Health Officer's proposal to have 6 offices of Registrars and to employ 12 Sub-Registrars, 6 midwives and 12 peons. The President now states that the employment of Medical Registrars is necessary to ascertain the prevailing diseases and the causes of death. It should be reported why the Registrars' offices may not be reduced to 3 corresponding to the number of dispensaries ordered to be retained in the City. If the employment of 12 Sub-Registrars, 6 midwives and 12 peons is absolutely necessary, the matter should be laid before the Board and a copy of their resolution submitted for final orders of Government. The provision will be retained pending the receipt of this further report.

Para 16 of the Government Order. Para 8 of the President's letter.

8. *VII. Lighting.*—The provision under this head will be reduced to Rs. 14,002 as per details given in the statement below. The details showing the number of new lamps to be purchased and the cost of each should have been supplied as already called for.

Items.	Proposed.	Sanctioned.
	Rs.	Rs.
(1) Lighting Silber lamps, 1,150 at Re. 0-14-9 each per month.	13,232	12,722

(4) Lighting Inspectors, 2 at Rs. 20+10 each ...	720	720
Total ...	14,602	14,002

9. *VIII. Public Works.*—The President is requested to report whether the services of the Dharmambudhi tank watchman and those of the watchman and toti attached to the feeder channel of that tank have not yet been dispensed with, seeing that the water of the tank is not being used for drinking purposes, and if so, why the provision of Rs. 240 made for them may not be omitted.

		Rs.
(1) Dharmambudhi tank watchman	1 at 6	72
(2) Watchman of the feeder channel	1 at 7	84
(3) Toti	1 at 7	84
Total		240

10. *IX. Charitable Grants.*—The President requests sanction to the retention till the end of the current year of the 3 dispensaries directed to be closed and provides for the dispensary in No. VI. Division. Before sanction can be accorded to this proposal, the President is requested to report where the funds are to come from and whether the Board agree to this arrangement. Pending report the original provision will be retained.

Para 20 of the Government Order.
Para 9 of the President's letter.

11. The budget estimates of Receipts and Expenditure of the Bangalore City Municipality for the year 1902-03, revised in accordance with the foregoing observations, are as shown hereunder:—

Letter No. 179, dated 6th March 1903, from the President, Municipal Commission, Mysore City, submitting with an explanatory memo the budget estimates of the City Municipality for 1903-04.

2. No. 196, dated 15th April 1903, from the same officer.

No. 17825-38—L. F. 12-03, DATED BANGALORE, 19TH JUNE 1903.

ORDER THEREON.—The following statement shows the estimated receipts and expenditure under the major heads for 1903-04 as compared with those of the previous year:—

2. *I. Octroi.*—The decrease in the estimate under "VII Cloth" as compared with the actuals of 1901-02 and the probable collections of 1902-03, is due to large importation of cloths of various kinds into the City on account of the Installation festivities during the previous years, no such abnormal receipts being expected in the ensuing year. The estimate is approved.

Probable collections during 1902-03 ...	22,271
Estimate proposed for 1903-04 ...	16,000

3. *III. License Receipts (a) Liquor Shops.*—The increased estimate is stated to have been based on the realizations of the past six months of 1902-03, and of the last six months of the previous year, and is allowed to stand.

4. *IV. Carriage Tax.*—The realizations during the current year *viz.*, Rs. 411, shows a considerable decrease as compared with the sanctioned estimate for the year and this is explained to be due to the absence of a special agency to detect cases of

carriages and animals evading payment of the tax. This explanation is not satisfactory. The President should have made proper arrangements with the existing establishment to detect cases evading payment of the tax, instead of pleading want of a special establishment when the Board is not in a position to maintain one. He should now place the matter before the Board and submit a copy of their resolution on the question of employment, if necessary, of a special agency with a view to subject all carriages and animals to taxation and secure adequate revenue to the Municipality. The estimate proposed under this head will be provisionally retained.

5. *VII. Mohatarfa* (*a*) *Shop Tax.*—The decrease of Rs. 1,650 in the estimate under this head is due to many traders having left the City on account of the plague. The estimate is retained.

6. *X. Miscellaneous* (*a*) *Sale of Houses and Lands.*—The President explains that owing to the prevalence of plague, building operations were retarded and there has been a gradual falling off of revenue under this head. The diminished estimate proposed is retained.

7. *Opening Balance.*—The sum of Rs. 6,217, which is the closing balance according to the revised budget for 1902-03, will be adopted as the opening balance in the present budget.

EXPENDITURE.

8. *I. Interest on Debt.*—In addition to the usual provision of Rs. 10,000 made under "XI Miscellaneous" for repayment of loan, a sum of Rs. 4,000 is newly entered under this head to enable the Comptroller to adjust the interest on debt payable by the Board. The provision will stand.

9. *II. Head Office.*—The salary payable to the Manager is only Rs. 60 per mensem and not Rs. 70 as provided for in the budget. The provision will therefore be reduced from Rs. 840 to Rs. 720.

10. *III. Collection* (*a*) *Octroi.*—The decrease under this head is due to the provision made for the salary of the daroga at the reduced rate of Rs. 40+15 instead of at Rs. 70+15 as sanctioned in the budget for 1902-03, and to the printing charges being reduced by Rs. 100. The provision will be allowed to stand.

11. *VI. Registration of Births and Deaths.*—In the present budget the entire provision (1,176) for the Plague Police staff and a moiety of the cost of the Disinfecting staff and central stores are omitted. This is approved.

12. *VII. Lighting.*—The cost of lighting the existing number of lamps by amani is given as Rs. 6,864, and with the cost of purchasing new burners and chimneys and of painting lanterns amounts to Rs. 7,350, giving an average of Rs. 8-6-10 per annum or Re. 0-11-3 per month per lamp. Including the provision for the purchase of 50 new lamp-posts, the total provision under this head will be retained at Rs. 8,100, pending the submission of a report about the introduction of the system of lighting lamps on contract, and the omission of provision for lighting the three Washington lamps said to have been purchased by the Municipality.

13. *VIII. Public Works.*—The provision under this head, consisting of the marginally noted details, includes Rs. 5,000 for the purchase of a steam road roller provided under the authority of Government Proceedings No. 11476—L. F. 347-96, dated 7th February 1903. To meet the cost of the estimate for the diversion of the sewage water of the southern block of Chamraj Mohalla, received with President's No. 104, dated 9th December 1902, the provision will be raised by Rs. 600.

	Rs.
1. (a) Supervision establishment ...	3,253
2. (b) to (m) Works as per statement No. 11 ...	23,500
3. Tools and Plant	500
4. Steam road roller	5,000

It is observed that the budget statement has not been prepared in the form prescribed by Government. Instead of showing the particulars of each work with cost under each of the classes (*b*) to (*m*), the statement shows the amount to be spent in each Division. In future the description of each work should be given in the form prescribed in Government Order No. 6861-70—157, dated 8th December 1889.

14. *IX. Charitable Grants.*—No provision has been made under this head on account of increases to the pay of the Pandit and Hakim of the Indigenous Hospital sanctioned in Government Proceedings No. 1635-6—L. F. 79-92, and No. 14438-9—L. F. 79-92, dated the 26th July 1902, and 31st March 1903, and allowance to the Hakim Mahomed Ghouse Sab, sanctioned in Proceedings No. 13821-3—L. F. 79-92, dated 17th March 1903. A sum of Rs. (120+120) 240, being the Municipal quota of the increases and allowance, will be entered under this head.

15. *Maternity.*—The provision for medicines has been reduced from Rs. 2,551 to Rs. 1,060 on the basis of the average actual expenditure of the past three years.

16. *Miscellaneous—(1) Other items.*—The usual provision for the three gardeners of the Rangacharlu Memorial Hall and for Clock Tower gardener has been omitted in the present budget on the ground that their services have been transferred to the Curzon Park establishment, and this accounts for the decrease under this head.

17. *XI. Miscellaneous Other items.—Water Maintenance Establishment.*—In lieu of the pay of Rs. 6 sanctioned to each of the Kukerhalli tank sowdies for 1902-03, the present budget provides only Rs. 5, the rate of salary actually disbursed to them. The provision is approved.

18. *XI. Miscellaneous (h) Other items—Vanivilas Water Works.*—In the supplemental budget for 1902-03, the cost of the Vontikoppal establishment was given as Rs. 40 per mensem, whereas the same is given in the present budget as Rs. 20, corresponding increase being provided for under Belagola Water Works. The necessity for the proposed transfer requires explanation, pending which and the report called for in Proceedings No. 16253-65—L. F. 12-01, dated 19th May 1903, the provision will stand at Rs. 6,000.

19. The other items call for no remarks and are passed.

20. The budget estimates of the Mysore City Municipality for 1903-04 are sanctioned as shown below in abstract. The detailed statements are appended.

21. There is hardly any working balance at the credit of the Municipality for the year 1903-04. Retrenchment should therefore be effected in all possible directions, and the incurring of expenditure that is not herein provided for should be carefully avoided.

The President, Bangalore City Municipality.
The President of other Municipalities in the State.

EXPLANATORY MEMO ON THE DRAFT BUDGET ESTIMATES OF THE MYSORE CITY MUNICIPALITY FOR THE YEAR 1903-04.

Receipts.

I. Octroi.—The estimates under the several sub-heads are based on the actual realizations of the past six months of the current year and the realizations of the last six months of the previous year.

During the installation festivities cloths of various kinds were imported to the City and a sum of about Rs. 5,000 was collected on this account. Leaving this amount out of account, the average realization of the previous two years has been entered under this head.

II. Tax on Houses, Buildings and Lands.—The estimate of Rs. 16,000 is based on the actual realizations of the year 1901-02. The collections for the 1st half of current year had fallen below the average owing to the absence of many house owners on account of the prevalence of plague in the City in a severe type during the kistbandi season. Coercive measures will soon be adopted for the recovery of the arrears.

III. License Receipts—(a) Liquor Shops.—The estimated demand, *viz.*, Rs. 6,000, is based on the realizations of the past six months of current year and of the last six months of the previous year.

(*b*) *Other Licenses.*—The estimate is based on the amount collected during the 1st half of the current year and the collection in the 2nd half of the previous year.

IV. Carriage Tax.—There is no agency employed to find out if carriages or animals have escaped taxation and hence the realizations of the current year have fallen below the estimate. The average for the past two years has been entered as the estimate for the next year.

V. Tax on Animals.—The estimate is based on the actual realizations for the past six months of the current year and of the last six months of the previous year.

VI. Tolls.—A little less than the estimated amount has been realized from tolls consequent on increase competition at sales of the right to collect tolls at the several gates during the current year. The same figure has been retained for the ensuing year.

VII. Other Taxes Mohatarfa—(*a*) *Shop Tax.*—The estimate under this head is less than the sanctioned amount of this year. Plague has driven many traders from Mysore and hence the probable decrease.

(*c*) *Oil-mill Tax.*—The large import of cheap kerosine oil has driven the indigenous oil out of the market and several of the oil-mills are not being worked and hence the decrease.

(*d*) *Cart Tax.*—With increased vigilance, it is expected that the estimated amount may be realized.

VIII. Rents from—(*a*) *Houses.*—The estimate is based on the realizations of the past six months of the current year and the last six months of the previous year.

(*c*) *Markets.*—With the disappearance of plague, trade is likely to revive, and it is expected that the rent on stalls in the several markets would give us the estimated amount.

(*e*) *Lands.*—Last year's figure has been retained.

IX. Fines.—Last year's figure has been retained.

X. Miscellaneous—(*a*) *Sale of Houses and Lands.*—Consequent on the prevalence of plague, building operations were retarded. The amount of the estimate of this year has not been realized, and the average for the previous three years has been entered as the estimate for this year.

(*d*) *Pounds.*—The estimate is based upon the actuals of the past half of current year and of the realizations of the last half of the previous year.

(*g*) *Sale of Manure,* (*i*) *Sale of Grass,* (*j*) *Sale of Smuggled Goods,* (*k*) *Amarayi,* (*l*) *Notice and Warrant Fees.*—Last year's sanctioned estimate has been retained.

(*m*) *Contributions.*—A fixed sum is being contributed from Provincial and District Funds for maintaining the roads. The same has been entered as the estimate for the ensuing year.

Other items.—The main item under this head is the water tax. Consequent on the prevalence of plague, people who have house-connections when evacuating houses, apply to get their water-supply disconnected to claim partial remission of the tax. The estimate has therefore been reduced by a sum of Rs. 600. The other items being of a fluctuating nature, slight alterations wherever necessary have been made in the estimate.

XI. Payments for Municipal Services rendered to individuals.—It is expected that the supervision charges for laying on house service connections may give this amount.

EXPENDITURE.

I. Interest on Debt.—Hitherto no provision was made to meet this charge. To enable the Comptroller to adjust the interest on debt, a sum of Rs. 4,000 has now been entered.

II. Head Office.—Besides the fixed charges, a sum of Rs. 100 has been newly provided to meet travelling allowances.

III. Collection—(*a*) *Octroi.*—A deduction of Rs. 535 has been made under the following sub-heads as explained in the re-appropriation statement already submitted to Government for the current year:—

		Rs.
(*a*) Establishment—		
(1) Daroga's pay from Rs. 70 to Rs. 40 per mensem	...	360
(*b*) Other Charges—		
(2) Printing from Rs. 300 to Rs. 200	... ...	100
(3) Rewards for informants of smuggling from Rs. 100 to Rs. 25.		75
Total	...	535

(*b*) *House Tax and Mohatarfa,* (*d*) *Rents.*—Last year's estimate has been retained.

IV. Conservancy.—No change in the last year's estimate.

VI. Registration of Births and Deaths.—As explained in the re-appropriation statement already submitted to Government for current year, the following items in the estimate have been omitted:—

		Rs.
(*b* & *c*) Disinfection staff and central stores—		
Moiety of total cost	... ...	588
(*c*) Plague Police, whole cost	... ...	1,176
Total	...	1,764

VII. Lighting.—The usual lump-sum provision has been distributed under all the sub-heads in Form III.

VIII. Public Works (*a*) *Supervision Establishment.*—Last year's sanctioned estimate is retained.

(*b to n*) *Works.*—The available funds after meeting the fixed charges have been distributed under the several sub-heads. Particulars of works are given in Form II. All estimates for original works for Rs. 500 and upwards will be submitted to Government for sanction as usual.

(*o*) *Steam Roller.*—A sum of Rs. 5,000 has been provided under the authority of Government Proceedings No. 11476—L. F. 347-96, dated 7th February 1903, for purchasing a steam roller.

IX. Charitable Grants—(*a*) *and* (*b*) *Dispensaries and Hospitals*, (*c*) *Vaccination*, (*e*) *Midwives.*—Last year's estimate has been retained.

(*l*) *Maternity.*—A reduction of Rs. 1,491 has been made under "16 other charges for medicine." The average expenditure for the past three years has been provided.

X. Education.—Last year's estimate has been retained.

XI. Miscellaneous—(*a*) *to* (*b*).—Last year's estimate has been retained.

(*l*) *Other items*—(*1*) *Rangacharlu Memorial Hall Establishment* (*3*) *Clock Tower Gardeners.*—The services of three gardeners have been transferred to Curzon Park establishment. Hence the charge under this head.

(*2*) *Law Expenses*, (*4*) *Kukarahalli Tank Watchers*, (*5*) *People's Park Establishment.*—Last year's estimate has been retained.

(*6*) *Water Maintenance Establishment.*—The pay of the tank sowdies is estimated at Rs. 6 each; but the actual charge is only Rs. 5 each.

(*7*) *Vanivilas Water Works.*—Details of the existing establishment have been shown in Form III. Out of the lump-sum estimate of Rs. 6,000 there remains only Rs. 2,076, which is quite ample for ordinary repairs of tools and plants, etc.

The pay of channel sowdies was wrongly estimated as three at Rs. 6 each and one at Rs. 5; but their existing pay is five at Rs. 6 each, for which sanction of Government has already been obtained, *vide* Proceedings No. 16200-1—L. F. 103-92, dated 2nd April 1902. Thus the difference of Rs. 8½ has now been provided.

(*8*) *Watch-maker's Allowance.*—Last year's estimate has been retained.

(*9*) *Care-takers.*—There are two care-takers sanctioned in Government Order No. 2000-1—L. F. 12-01, dated 1st August 1901, for which a sum of Rs. 120 has now been provided.

Closing Balance.—Necessary clothing balance has been retained.

2. The budget estimates of the Kolar Municipality will be returned for general revision so as to keep the expenditure within the limit of the money available, as the estimates proposed leave a debit balance against the Municipality.

3. I. *Octroi.*—The estimates under this head have not been correctly framed in the marginally noted Municipalities as they are not supported by the actuals of 1901-02, and the probable collections of 1902-03, and will therefore be reduced as specified against each article. The other estimates proposed under this head are passed with the observation that the revenue realised in Gudibanda and Goribidnur is insignificant and that steps should be taken to develop this source of income by enjoying strict supervision over the collections.

4. *VII. Mohatarfa.*—The variations in the estimates under this head are stated to have been based on the actual Jamabandi figures and will stand.

5. *VIII. Rents.*—The decrease proposed in the estimate under "Markets" in the budget of Mulbagal is based on the actuals and the probable collections.

6. *Opening balance.*—With reference to the actual balances on 1st July 1902 as per Comptroller's accounts for 1901-02, and the sanctioned estimates for 1902-03, the figures shown in column 7 of the subjoined statement will be adopted as the correct opening balances on 1st July 1903 :—

No.	Municipalities	Actual balance on 1st July 1902	Estimated receipts during 1902-03	Total including balance	Estimated expenditure for 1902-03	Estimated opening balances on 1st July 1903

EXPENDITURE.

7. *III. Collection (a) Octroi.*—The marginally noted reductions are proposed in the Budgets of Chintamani and Sidlaghatta and also in the President's No. 885, dated 18th March 1903, in accordance with the instructions contained in para 6 of Government Proceedings No. 563-8—L.F. 14-02, dated 12th July 1902.

Municipality	Items	1902-03			1903-04

	Contingencies ...	...	1	12	...	1	6
	Total ..	...	...	252	...	...	198

8. *III. Collections (b) House and Mohatarfa taxes.*—The provisions made in the budgets of the Municipalities other than that of Kolar on account of commission to village servants, will be allowed except in the case of Sidlaghatta and Gudibanda, where they will be reduced from Rs. 170 and 40 to Rs. 102 and 38 respectively, in accordance with the scale laid down in Proceedings No. 12957-65—L. F. 295-96, dated 30th May 1900.

Municipality	Revenue	Commission Proposed	Commission Sanctioned
Sidlaghatta ...	3,415	170	102
Gudibanda ...	771	40	38

9. *IV. Conservancy (a) Establishment.*—The marginally noted increases proposed in the budgets of Bowringpet, Srinivaspur and Sidlaghatta are disallowed as the budget is not the proper place for such proposals as involve increases to the fixed establishments and require the sanction of Government. They should be separately submitted for the orders of Government.

1 Bowringpet ...	Five sweepers at Rs. 5 each per mensem ...	300
2 Srinivaspur ...	Increase of pay to Daroga from Rs. 7 to 8 per mensem ...	12
3 Sidlaghatta ...	Ditto to peon from Rs. 6 to 7 per mensem ...	12

10. *VII. Lighting.*—The increase under this head is due to the Municipal Boards of Bowringpet and Chikballapur proposing to light additional lamps, and the Board at Sidlaghatta applying to purchase additional lamps during the year.

11. *VIII. Public Works.*—The provisions made in the budgets of the minor Municipalities in the district will be allowed to stand, subject to the submission of estimates for works costing Rs. 500 and upwards.

12. *IX. Charitable grants.*—In addition to the usual provision for the Local Fund dispensary at Chikballapur, the budget of that Municipality provides for the one-third cost of a female dispensary to be newly opened in the town at a cost of Rs. 303 as per scale existing at Kolar. Pending the issue of final orders on the question of establishment of a female dispensary in the town, the provision will be allowed to stand, but as the cost of feeding in-patients in this as well as in the other dispensaries is entirely chargeable to District Funds, the provision made therefor will be disallowed and the total estimate reduced by Rs. 240.

1 Charge allowance to Hospital Assistant	...	40
2 Compounder	...	40
3 Waterman	...	24
4 Dispensary	...	20
5 Dieting charges	...	30
6 Contingencies	..	40
7 Furniture	...	5
8 Construction and repair of dispensary buildings ..	..	100
	Total	303

13. XI *Miscellaneous (k) Other items.*—The budget of Bowringpet newly provides for the salaries of a gardener on Rs. 8 per mensem for the Coronation Park and of a watcher on Rs. 6 per mensem for the King Edward Hall said to have been newly constructed. Pending the submission of a separate report as to when and at what cost the garden and hall were completed and as to the date of entertainment of the gardener and watchman, the provision will be disallowed.

14. The other items call for no remarks and are passed.

15. The budget estimates of receipts and charges of the several Municipalities in the Kolar District except Kolar for 1903-04, are as shown below, the usual particulars being appended :—

No.	Municipalities	Opening balance on 1st July 1903	Estimated receipts for 1903-04	Total including balance	Estimated expenditure during 1903-04	Estimated closing balance on 30th June 1904

	Total ...	29,350	40,147	69,497	52,967	16,530

16. The closing balances in the Municipalities of Mulbagal and Bagepalli are less than the prescribed minimum. Steps should therefore be taken to maintain the usual working balance, if the actual opening balances on 1st July 1903 are not in excess of the estimates adopted in the present budgets.

READ—

(1) Letter No. 736—104, dated 2nd March 1903, from the President of the Municipalities in the Shimoga District, submitting the budget estimates of the several Municipalities in the District for 1903-04.

(2) Demi-official letter dated 13th May 1903, from the same officer, submitting revised budgets for the Municipalities of Honnali and Tirthahalli.

No. 18111-23—L. F. 19-1903, DATED BANGALORE, 25TH JUNE 1903.

ORDER THEREON.—The receipts and expenditure of the several Municipalities as estimated for 1903-04 are as shown in the following statement:—

2. *I. Octroi.*—The increases under betel leaves, sugar, jaggory, sheep and goats, oil and oil-seeds and cloths in Shimoga and under oil and oil-seeds in Tirthahalli are stated to have been based on the actual collections of the previous years and are allowed to stand.

3. *House Tax and Mohatarfa.*—The President explains that the variations under these heads are supported by the Jamabandi accounts of 1901-02. The estimates are retained.

4. *VII. Rents.*—The omission of estimates under "Houses" in Shimoga and under "Gardens" in Tirthahalli has not been explained. The latter is due to the garden at Tirthahalli having been ordered to be sold. The former should be accounted for. Pending information, the estimates will stand.

5. *X. Miscellaneous (a) Sale of Lands.*—A sum of Rs. 550 against Rs. 50 sanctioned for 1902-03 is expected from the sale of lands set apart for building purposes in Tirthahalli. The estimate is passed.

6. *Opening Balance.*—In lieu of the estimates proposed under this head, the figures noted below deduced from the actual balances on 1st July 1902 and the sanctioned estimates for 1902-03, will be adopted in the present budgets:—

Municipalities	Opening balance on 1st July 1902	Estimated income during 1902-03	Total including balance	Estimated expenditure during 1902-03	Estimated closing balance on 30th June 1903

EXPENDITURE.

7. *III. Collection (b) House and Mohatarfa Taxes.*—The provisions made in the marginally noted budgets on account of remuneration to village servants for collecting the taxes are in excess of the scale laid down in Government Proceedings No. 12704-13—L. F. 295-96, dated 8th May 1899. The excess proposed for Nagar and Kumsi

Municipalities	Collection charges		
	Revenue	Proposed	Amount as per scale
	Rs.	Rs.	Rs.
1. Channagiri	2,120	110	106
2. Honnali	1,719	100	86
3. Nyamti	2,133	130	107
4. Shikarpur	2,646	150	132
5. Scrab	1,100	60	55
6. Sagar	2,200	150	110
7. Nagar	316	60	16
8. Tirthahalli	680	40	34
9. Kumsi	1,055	120	52
10. Benkipur	1,067	60	54
11. Holehonnur	1,547	80	77
12. Kallurkatte	400	30	20
13. Siralkoppa	1,870	100	94

is due to no payments having been made to village servants in previous years. But the necessity for excess in the remaining Municipalities is not apparent and the provisions will therefore be reduced as in the margin.

8. *IV. Conservancy* (*a*) *Establishments.*—The budget of Shimoga omits the usual provision of Rs. 500 on account of the pay, etc., of Jail guards owing to the reduction of the Shimoga Jail to a District Lock-up from 1st July 1903 and to prisoners not being available for work in the Municipality, and proposes to add the amount under "Kalihat Establishment" without furnishing details or even stating how the same will be utilized. This lump sum estimate of Rs. 500 will be retained pending the submission of a separate reference. The provisions made in each of the budgets of Benkipur and Holehonnur for an additional sweeper on Rs. 5 per mensem will be passed as special sanction of Government has already been accorded thereto on separate references. The proposal to dispense with the services of the peon and one of the sweepers of the Honnali Municipality and the reduced provision made under this head to make provision for lighting, are approved.

9. *VII. Lighting.*—The present budget of Nagar provides Rs. 50 under this head notwithstanding the fact that the provision of Rs. 150 made for 1902-03 was struck out on the ground that the Board must either develop their resources or discontinue the lighting arrangements. It is observed that the estimated revenue of this Municipality for 1903-04 is only Rs. 466, while the estimated expenditure exclusive of the lighting charges exceeds this sum by Rs. 52 and that though this excess may be met by a reduction of the prescribed minimum working balance this year, the Board will have absolutely no funds at their disposal to meet this charge next year, unless their sources of revenue are improved. Pending the early submission of proposals for developing the receipts, the provision of Rs. 50 will be retained.

10. *VIII. Public Works.*—Owing to the insufficiency of funds, the provision made in the budgets of Kallurkatte, Honnali and Tirthahalli under (*b*) to (*o*) works will be reduced by Rs. 560, corresponding reduction being made under supervision charges. The provision under (*a*) Supervision made in the budget of Sorab will be reduced from Rs. 25 to 22 which correctly represents ten per cent of the cost of works, but the other estimates proposed will be passed.

	Reduction made. Rs.
Kallurkatte ...	... 325
Honnali ...	... 160
Tirthahalli ...	... 75
Total	... 560

It is observed that the budget Statements Nos. II and III have not been correctly prepared. Instead of showing details under "(*a*) Supervision" in Form No. III, they have been shown in Statement No. II, which is intended to exhibit details of works. The attention of the President is invited to the clear instructions contained in para 5 of the official memorandum No. 6861-70—157, dated 8th December 1869, in view to insure correct preparation of the budget statements.

11. *Charitable Grants.*—The new provisions made in the budgets of Benkipur and Kallurkatte for the repairs of the Dispensary buildings therein are passed.

12. *XI. Miscellaneous* (*b*) *Gardens.*—The usual provisions on account of fairs and festivals have been omitted from the present budgets of Honnali and Tirthahalli for want of funds, and the latter Municipality has also omitted to provide for charges on account of the pay of its gardener and improvements to the garden, as the garden has been recently ordered to be disposed of.

13. The budget of Siralkoppa newly provides for the pay of a gardener on Rs. 5 per mensem in lieu of Rs 40 sanctioned in 1901-02 for the improvement of gardens. Pending detailed information on the following points, the provision proposed will be retained, but should not be utilized:—

(1) At what cost and when the garden was laid out.
(2) What income if any, is realised therefrom and under what head it is credited.
(3) By whom the garden was hitherto maintained and why the same arrangement should not be continued.

14. The other items call for no remarks and are passed.

15. The budget estimates of the several Municipalities in the Shimoga District are sanctioned as shown in the statements appended. The aggregate results are given below :—

Municipalities	Estimated opening balance on 1st July 1903	Estimated receipts during 1903-04	Total including balance	Estimated expenditure for 1903-04	Estimated closing balance on 30th June 1904

16. The closing balances of the Municipalities other than those of Nyamti, Shikarpur, Sagar, Benkipur, Holehonnur and Siralkoppa are far below the authorized minimum. The President will, it is hoped, immediately look into this question and submit to Government a detailed report as to what arrangements he proposes to make to secure for these Municipalities the prescribed minimum working balance, the maintaining of which is of the utmost importance everywhere.

2. *Octroi.*—The increased estimate under this head is stated to have been based on the actuals of 1901-02 and on the steady increase in the import of dutiable articles. But as the estimate under betel-leaves is not supported by the average collections of the past three years, commencing from 1st July 1900, it will be reduced by Rs. 800.

		Rs.
1	Actuals of 1900-01 ...	5,617

4	Average annual income ...	5,741
5	Estimate proposed ...	6,500
6	Estimate passed ...	5,700

3. *II. House tax, III. License Receipts, VIII. Mohatarfa, X. Miscellaneous—Scavenging fees etc.*—The following figures show that the estimates proposed are not justified by the average collections of the past three years. The estimate under house tax, lighting tax, water tax and mohatarfa shop tax which are based upon the demand including arrears expected to be collected will however be approved and those under other heads reduced by Rs. 2,300 as noted against each :—

4. *Tolls.*—The President states that the actual collections during the year 1901-02 were Rs. 18,272 and that owing to loss said to have been incurred by the contractors on account of plague and other causes, the bid secured for 1902-03 was low. He therefore proposes to raise the estimate to Rs. 21,000, the amount sanctioned for 1901-02 in the hope that the revenue under the head would regain its normal condition. The President thinks that if the sum aforesaid could not be realized, the toll collections would be managed departmentally. The estimate seems to be somewhat higher than the amount that may be expected to be realized but the proposal is accepted and the amount retained under the special circumstances stated.

5. X. *Miscellaneous Advances and Imprests.*—These are debt items, which are not of the nature of revenue to the Municipality and will therefore be excluded both on the side of receipts and expenditure from the present budget.

Receipts.	Rs.	Expenditure.	Rs.
1. Advances recovered	1,000		
2. Deposits received	2,000		
Total	3,000	(2) Repayment of deposits.	1,000

6. The total revenue as above sanctioned comes to Rs. 2,13,000.

7. *Opening Balance.*—The actual balance on 1st July 1902 as per final accounts of the Comptroller was Rs. 23,108. Adding to this the sanctioned estimate of receipts for 1902-03 and deducting the sanctioned expenditure for the year, the correct balance which should be adopted in the present budget is a debit balance of Rs. 413 and not a credit balance of Rs. 255 as proposed. This is not quite satisfactory. Collection work is heavily in arrears and demands earnest and early attention.

8. Excluding the debit balance from the sanctioned estimate of receipts, the sum available for expenditure during the year 1903-04 is Rs. 2,12,587, whereas the proposed expenditure excluding the provision for repayment of loans exceeds this sum by Rs. 6,453. The expenditure therefore requires scrutiny and reduction.

EXPENDITURE.

9. I. *Interest on Debt and Repayment of Loans.*—Owing to the insufficiency of funds, the provision for the usual contribution of Rs. 12,000 towards interest and repayment of loan has been omitted in the present budget with a request that the Board might be excused from payment till their finances improve. Government are pleased to sanction a year's postponement on the distinct understanding that this is a special concession, the repetition of which in future is not possible.

10. *II Head office and III Collection.*—The following variations are proposed in the provisions under these heads:—

	1902-03. Rs.		1903-04. Rs.
II Head Office—			
1 Allowance to President ..	...	1 at 150	1,800
2 Vice-President's pay and allowance ...	300+50=4,200	1 at 150+50	2,400
3 Manager ...	1 at 70 840	1 at 80	960
4 Clerk ..	1 at 25 300	1 at 30	360
5 Do ...	1 at 20 240	1 at 25	300
	Net Increase	...	240
III Collection—			
6 Shanbhog ...	1 at 15 180	1 at 20	240
7 Do ...	1 at 10 120	1 at 15	180
8 Contingent charges ...	1 at 5 60	1 at 7	84
	Net Increase	...	144

These will be disallowed with the exception of No. 2 which will be reduced to Rs. 1,200. Separate orders regarding them will be issued. In this connection the attention of the President is drawn to Rule 9, Chapter II, Part I, page 20 of the Financial rules issued with Government Order No. 1150-1102—R. F. 18-1901-1902, dated 7th February 1903, which shows that no charge should be included in the Budget until sanctioned by Government.

11. *IV. Conservancy, (b) Other Charges.*—The necessity for the purchase of additional carts and the way in which they will be employed should be fully explained in a separate communication to Government, pending the receipt of which the increase provided under this head will be struck out.

12. *VI Registration of Births and Deaths.*—The provision made under this head consists of the following items :—

	Rs.	
1 Registrars' allowances, No. 6 at Rs. 20	1,440	per annum.
2 Sub-Registrars 12 at Rs. 12 each	1,728	do
3 Midwives 6 at Rs. 20 each	1,440	do
4 Peons 12 at Rs. 7 each	1,008	do
5 Contingencies 6 at Rs. 5	360	do
6 Rewards to midwives	100	do
Total ...	6,076	

Item 1.—As allowances to Registrars have been withdrawn by Government Proceedings No. 12763-76—L. B. P. 1421, dated 3rd February 1902, the provision of Rs. 1,440 made on this account will be struck out.

Items 2 to 5.—As there are only three dispensaries in the City and the Hospital Assistants in their charge are employed as Registrars and as the financial condition of the Municipality is bad, it should be explained why the number of Registration offices may not be reduced to three a corresponding reduction being made in the number of Sub-Registrars, midwives and peons and why the salaries of midwives should not be reduced to the uniform scale of Rs. 15 per mensem sanctioned in Government Proceedings No. 2273-84—L. F. 55-93, dated 3rd August 1902, seeing that rewards are provided for extra cases attended to by them. Pending information, the provision will stand, the salary of each midwife being shown as Rs. 15+5 allowance.

13. *VII. Lighting.*—An increase of Rs. 1,168 has been proposed under this head. But information as regards the number of lamps existing, the number newly put up and the rate of lighting each should have been furnished with particulars of sub-head from which the cost of maintaining the Washington lamp set up in the City is intended to be met. This should now be done. Pending information the provision will stand.

14. *VIII. Public Works, (a) Supervision.*—An increase of Rs. 5 a month to the clerk of the Municipal Engineer's office is proposed in the present budget, the usual provision for printing charges *viz.*, Rs. 50 being omitted as unnecessary resulting in a net increase of Rs. 10 a year. For reasons given in para 10 *supra* the increase recommended will be disallowed and the usual provision for printing charges omitted. It should however be reported for the information of Government what amount was spent annually on account of printing during the previous three years.

The usual provision for the watchman of the Dharmambudhi tank, the water of which is not now being used for drinking purposes, is omitted and fresh provision made for a peon without explaining the necessity therefor. The provision newly made is disallowed and the total reduced to Rs. 5,964.

15. *VIII. (b) to (e) Works.*—For reasons given in the preceding para the provision of Rs. 500 hitherto made for the maintenance of the Dharmambudhi tank and for the salaries of the feeder channel watchman and toti on Rs. 7 each a month is omitted in the present budget. To wipe off to the extent possible, the debit balance at the end of the year the provision of Rs. 24,700 made for original works will be reduced to Rs. 15,000 as detailed in the margin.

	Provision made. Rs.	Provision retained Rs.
(b) Roads, original	17,000	10,000
(d) Drains do	3,000	2,500
(h) Buildings do	3,200	2,000
(k) Other works do	1,500	500
Total ...	24,700	15,000

16. *IX. Charitable grants, Epidemic Diseases Hospital.*—The decrease under this head is due to the omission of provision for the pay of the watchman attached to the Lal-Bagh road, Health Camp, owing to the transfer of the sheds to the Oopparhalli Camp. The provision is passed.

17. *IX (b) Dispensaries.*—The decrease of Rs. 888 under this head is due to the omission of provision for the dispensary in the IV Division which was never opened and for the pay and allowance of the itinerant medical officer. The reduced provision, which is on account of the three dispensaries allowed for the town is passed.

	1902-03. Rs.	1903-04. Rs.
1 Dispensary in No. I Division	648	648
2 Do III do	784	784
3 Do IV do	648	...
4 Do V do	914	674
Total ...	2,994	2,106
Decrease ...	...	888

18. *IX. (d) Vaccination.*—The new provision of Rs. 80 made in the present budget to meet the cost of lanoline vaccine supplied from the Government Institute is passed.

19. *IX. (e) Maternity.*—The proposed revision in the number and pay of the marginally noted servants attached to the Maternity Hospital, involving no increase to the present cost of the institution having already been sanctioned, the provision made is allowed to stand.

	1902-03. Rs.	1903-04. Rs.
1 Matron	1 at 75 900	1 at 60 720
2 Assistant do		1 at 35 420
3 Midwives	2 at 20 480	1 at 20 240
Total ...	1,380	1,380

20. *IX. (g) Annachattram.*—The services of the writer on Rs. 6 per mensem are proposed to be done away with the work being entrusted to the Supervisor to be designated "Parpathegar" hereafter, and the savings thus effected being utilized towards the feeding charges of the institution. The provision is passed.

21. *IX. (h) Tirupati Pilgrim Chattram.*—The proposed omission of the usual provision of Rs. 500 under this head owing to the needlessness of this institution after the opening of the Epidemic Diseases Hospital cannot be approved until orders are passed upon a separate reference which should be submitted in this behalf. The usual provision will in the meantime be retained.

22. *IX. (i) Home for Incurables.*—The small increase of Rs. 24 is due to the Board's proposal to raise the pay of the cook and the sweeper by Rs. 1½ and ½ respectively. The increase which is a small one is allowed to stand with the observation that the budget is not the place for proposing such increases which should form the subject of a separate communication.

	1902-03. Rs.	1903-04. Rs.
(1) Cook	1 at 3½ 42	1 at 5 60
(2) Sweepers	1 at 3½ 42	1 at 4 48
Total ...	84	108

Increase of Rs. 24

23. *X. Education.*—The pay of the Head Master of the Municipal English School is proposed to be raised by Rs. 30 per mensem. It is observed that the recommendation made by the school committee for raising the salaries of the teaching staff of the City Municipal Schools was ordered to be renewed when the finances of the Board should improve. On a separate reference, orders have been passed sanctioning the proposal for this increase. The provision is therefore retained.

24. *XI. Miscellaneous, (h) Cattle-pounds.*—The usual provision for the percentage remuneration to the pound-keeper and for fodder charges of the Ulsur gate pound which has been closed as unnecessary, is omitted in the present budget and an increase of pay from Rs. 4 to 6 per mensem to the watchman in the Mysore road pound is provided. The necessity for the increase is not apparent but the provision is retained pending the submission of a reference and the passing of orders of Government thereon.

25. *XI. Miscellaneous, Other Items.*—The necessity for the increase of Rs. 400 on account of law charges and for the new item of Rs. 200 against "Other Items" has not also been explained. These items are however retained and an explanation in regard to them is called for and should be submitted as quickly as possible.

26. *Repayment of Deposits.*—For reasons given in para 5 *supra*, the item of Rs. 2,000 proposed under this head will be struck out.

27. The other items call for no remarks and are passed.

28. Notwithstanding the above reductions the closing balance is less than the prescribed minimum by Rs. 9,997. Every endeavour should be made to restore the financial equilibrium, the subject of collection being given all possible attention.

29. The budget estimates of receipts and expenditure of the Bangalore City Municipality for the year 1903-04 are sanctioned as per particulars given hereunder. The usual statements are appended :—

Letter No. 525, dated the 17th April 1903, from the President of the Municipalities in the Hassan District, submitting the explanations called for in Government Proceedings No. 3627-40—L. F. 18-02, dated the 11th September 1902, sanctioning the budget estimates of the Municipalities in the District for 1902-03.

No. 18230-1—L. F. 18-02, DATED BANGALORE, 29TH JUNE 1903.

ORDER THEREON.—The President states that an estimate for Rs. 491 was sanctioned in Government Proceedings No. 5981-2—L. F. 11-94, dated the 5th October 1894, for constructing the vegetable market at Hassan, that an expenditure of Rs. 496-10-2 was incurred on that account, that the market is located in a corner of the Fort, that the vegetable sellers do not find a large sale for their articles in this market-place, that they are unwilling to pay any fees, however small they may be, that they find it convenient to sell the vegetables just by the side of the road and that the practice of levying a fee was however tried with no success. The explanation is accepted, but the President is requested to report to what use the building will be turned and why the market should not be re-constructed at a convenient place so that there may be some return for the money invested by the Municipality.

Para 4 of the Order — Para 1 of President's Communication.

2. The President states that Rs. 139 omitted in the budget for 1902-03 under "X Miscellaneous, (m) Contributions" should have been included. The omission will now be supplied and the estimate raised accordingly with the observation that such omissions should be guarded against in future.

Para 6 of the Order — Para 2 of the President's Communication.

3. *VII. Lighting.*—The President furnishes a statement showing the number of lamps lit in some Municipalities and the cost of each and explains that lighting lamps in the Municipalities in the District is not given out on contract by a regular sale by public auction but that a man is engaged to undertake the lighting of lamps at a certain rate for each lamp or to supply oil, wicks etc., lighting being done by the Municipal servants and the provision of Rs. 13 tentatively retained in the Belur budget is for the purchase of chimneys for lamps and repairing damages done to them. The provision is passed.

Para 10 of the Order — Paras 3 and 4 of the President's Communication.

Government Proceedings No. 1093—1102, dated 17th January 1903, directing that Rule XIII of the Potgi Rules must be held to be in force, all subsequent orders so far as they are in conflict or inconsistent with it, being deemed cancelled.

READ—

Docket No. 2091, dated 22nd April 1903, from the Revenue Commissioner in Mysore, requesting that the rule referred to in the above order being XIV and not XIII, the necessary correction may be made therein, as suggested by the Deputy Commissioner, Shimoga District.

No. R. 4427-8, DATED BANGALORE, 2ND JUNE 1903.

ORDER THEREON.—The Potgi Rules published under the Chief Commissioner's Notification No. 219, dated 27th October 1874, were 38 in number. By Proceedings No. 2053-61—R. F. 68-94, dated 31st August 1900, Rules X and XI were absorbed into one rule, and Rules XVI and XVII were also similarly dealt with. If the rules are numbered again as modified, it will be seen that the number of the rule given as XIII in the Government Order of the 17th January 1903 is correct.

2. To prevent similar confusion arising in future, the modified rules will be serially numbered and re-published in the Gazette.

H. V. NANJUNDAYYA, *Secy. to Govt., Gen. & Rev. Depts.*

To—The Revenue Commissioner in Mysore.
The Superintendent of Revenue Survey in Mysore.
The Deputy Commissioners of Districts.

Notification No. R. 4429, dated 2nd June 1903.

The revised rules for the remuneration of Patels and Shanbhogs in Mysore, published under the Chief Commissioner's *Notification No. 219, dated 27th October 1874*, are republished hereunder, as modified by Notification No. 2062—R. F. 68-94, dated 31st August 1900, for general information:—

REVISED RULES FOR REMUNERATION OF PATELS AND SHANBHOGS.

I. All official land, whether recorded as *inam* or *jodi inam*, or otherwise, shall be valued at the survey assessment of the same, less the amount of the *jodi* tax or other cesses to which it may be subject as recorded in the public accounts of the year.

II. Cash allowances from the Government Treasury, under whatever name they may be entered in the public accounts, shall be recorded at the amount so entered in the accounts of the year.

III. The sum total of the emoluments valued according to the above two rules is to be taken as the existing valuation of the emoluments of the office.

IV. The officiating Patel and Shanbhog of each village shall hereafter receive for the performance of the duties of their offices, a remuneration in cash of at least the amount fixed by the following scale for these offices, respectively.

PATELS' SCALE.

V. For the first thousand rupees of the gross revenues of his village, three per cent; for the second thousand or any part of it, two per cent; and for the balance of gross revenue beyond two thousand rupees, one per cent. In the case of villages where the collections do not exceed Rs. 300, he shall, in addition to the above percentages, receive a fixed annual allowance of one rupee, when the gross revenue ranges from eleven to fifty rupees; of two rupees, when the gross revenue ranges from Rs. 51 to 300; or so much of it, when the gross revenue exceeds Rs. 250, as shall be required to make the salary up to but not exceed rupees ten per annum.

SHANBHOGS' SCALE.

VI. For the first thousand rupees of the gross revenue of the village, or villages forming a Shanbhog's charge, four per cent; for the second thousand, three per cent; for the third thousand, two per cent; for the fourth thousand, one per cent; and for the balance of gross revenue beyond four thousand rupees, one per cent.

VII. In addition to his salary, the officiating Shanbhog shall also receive an allowance for stationery as shown in the subjoined table, and the officiating Patel shall also receive the same allowance when he does not receive the extra allowance provided for in Rule XII.

Note.—The stationery allowance in para 14 shall, when there are more villages than one, be calculated village by village and not on the gross revenue of the charge.

IX. The salaries of officiators fixed by the preceding rule form the minimum rate of remuneration; but an addition to the fixed portion of the officiator's allowance, according to scale, will be made in certain cases specified in the following subsidiary rules.

X. When the total emoluments (as found by Rules I and II) exceed the scale amount (as found by Rules V and VI), such excess up to a limit of Rs. 2 and, if over Rs. 20, at 2 per cent, will be assigned to the officiator as a personal allowance in villages having a gross revenue of less than Rs. 500; up to a limit of Rs. 5 and if over Rs. 50 at 5 per cent in villages having a gross revenue of Rs. 500 but less than Rs. 1,000; and up to a limit of Rs. 10 or, if over Rs. 100, up to 10 per cent, in villages having a gross revenue of Rs. 1,000 or more.

XI. In the case of towns, large villages, and villages in the vicinity of Railway stations, camping grounds, large marts and similar localities, the Patels of which are ordinarily called upon to perform heavy miscellaneous duties, an extra allowance not exceeding Rs. 15 per annum will be assigned to the Patel (and where there are two officiating Patels to each Patel) in addition to the salary of the office fixed by the scales in Rule VIII.

XII. The gross revenue of the village, referred to in Rules V and VI, is the whole revenue leviable for any year before deducting any remissions.

XIII. Patels and Shanbhogs shall receive their emoluments by a deduction of the amount of the same from the assessment on their *kandayam* lands, the same being adjusted at each annual Jamabandi and duly shown accordingly in the village accounts, to prevent complications. Where the assessment on their lands is insufficient for this purpose, the balance will be made up by their deducting it from the last instalment of revenue, before paying such instalment into the Taluk Treasury. In this latter event, the receipt of the Patel or Shanbhog for the amount of such balance as so deducted shall be considered equivalent to the payment into the treasury of an equal sum in cash.

XIV. The amount of quit-rent fixed under these rules on the holding of each share-holder is fixed for the term of settlement, but the total emoluments of the officiators will be revised once after ten years, if necessary, and will be modified according to the same scale in proportion to the revenues of the village as then realized.

XV. The assessment of the occupied Government land (plus 10 per cent of the assessment of the unoccupied assessed waste Government land but not thereby exceeding the gross assessment of the Government land of the village) in the year in which the settlement of remuneration of village officers is made, will be taken for the calculation of the remuneration of officiators.

XVI. The existing official emoluments valued as provided for in Rules I and II will be appropriated for the support of the officiator in the manner specified in the following rules, and the balance of emoluments remaining, after providing for the officiator, is to be disposed of for the future in the manner also provided for in these rules.

XVII. The emoluments derived from land as fixed by Rule I shall first be appropriated to provide the salary of the officiator.

XVIII. When the emoluments derived from land are insufficient to provide the salary of the officiators, the cash emoluments from the Government Treasury will next be appropriated to make up the salary of the officiator.

XIX. Any deficiency, after appropriating all the emoluments from land and cash, shall be made good from the Government Treasury.

XX. Any surplus on the existing emoluments in land and cash remaining over, after providing the salary of the officiator, shall be dealt with as follows.

XXI. If the emoluments derived from land alone are more than sufficient to provide the salary of the officiator, the surplus shall be taxed by the imposition of additional *Jodi* equal to one-half the net profits on the above land.

XXII. Any surplus remaining out of the cash emoluments after providing the salary of the officiator shall be at once resumed by Government.

XXIII. When the official land of any office is held in shares, and these shares with the amount of *Jodi* and other cesses now payable on each, are separately recorded in the village accounts, then the additional tax imposed upon the whole official land of the office under this rule is to be apportioned on the several shares in proportion to the sum by which the full survey assessment of the land of each share exceeds the present *Jodi* and other cesses payable on the same, as shown in the following example, in which the emolument of an officiator amounts to Rs. 30:—

Names and Shares.	Survey assessment of the land of each share.	Deduct *jodi* cess now paid on each share.	Remaining profit on each share.	Addition to *jodi* in column 3 apportioned on profit in column 4 for payment of officiator.	Unappropriated excess of profits, being difference between columns 4 and 5.	Additional half *jodi* on excess in last column.	Future *jodi* cess on each share being sum of columns 3, 5 and 7.

XXIV. In settling the amount of *jodi* to be paid upon each share, fractions of less amount that ½ rupee are not to be admitted into the accounts in accordance with the rule followed in regard to all Survey assessments.

XXV. Nothing contained in any of the preceding Rules shall be considered as debarring any village hereditary officer from relinquishing his official land when so disposed; and every such officer shall, at any time, whether at or subsequent to the introduction of the settlement prescribed in these Rules, be permitted to relinquish by written *Razinama* any entire field or fields into which official land may have been marked off by the Survey, and on so doing the relinquished field is immediately to be entered in the accounts as Government land, and the total jodi now payable by the hereditary officer is to be reduced by the full amount of the Survey assessment of the relinquished fields.

XXVI. The official land under the settlement prescribed in the foregoing Rule will form no part of the remuneration of the officiator, who is to be paid wholly in cash, and the land will therefore remain in the possession of the sharers who may at present hold it.

XXVII. The charges of Shanbhogs will be re-distributed so as to give each officiator as many villages as he is capable of managing. When more villages than form a sufficient charge are already in the hands of one officiator, he will be required to give up the surplus villages, for which one or more new officiators will be appointed by Government. The new officiator or officiators will be appointed from the family in which the *hak* has been hitherto vested if a competent person can be found.

XXVIII. In all cases of incompetency of the officiator in direct hereditary succession, whether from age, sex, inefficiency, or any other cause, the next-of-kin, if competent, will be appointed; if no competent person of the family can be found, the nomination will rest with Government. Such nomination to hold good in case of a minority till the end of the year in which the minor shall attain full age (18 years); in other cases for 3 years, when the nomination will revert to the hereditary family if a competent person can be found therein.

XXIX. Any conviction of malversation in performance of official duties shall render the person convicted incompetent to officiate again, and shall deprive him, in cases of selection being vested in the members of the family, of any right to take part in such selection. It shall also be in the power of the District officer to exclude the son of a person so convicted from any of the rights or privileges of the office so far as succession or election to the performance of the duties.

XXX. The District officer will be the sole judge of the competency or otherwise of the person on whom devolves the performance of the duties of an office.

XXXI. In arranging charges, except in the case of single villages, as a rule no one officiator shall hold charge of villages with a collection of more than about Rs. 2,500, and when five or more villages are combined in one charge, no one officiator shall, as a rule, hold more villages than give a revenue of about Rs. 1,600.

XXXII. In small villages where only one office, either Patel or Shanbhog at present exists, or where both offices are vested in one person, he shall receive the full salary shown by the Shanbhog's scale, and 50 per cent of the Patel's salary according to scale, so long as he continues to perform the duties of both offices.

XXXIII. In large villages where there is no Patel or where both offices have been vested in the same person, a Patel will be appointed by Government, or the one family holding both offices may be called upon to nominate a separate officiator for each office as may seem fit to Government.

XXXIV. Property, movable or immovable, assigned as remuneration of an officiator under these Rules, shall not be alienated or assigned to any person whatever without the sanction of Government nor shall it be liable to process of any Civil Court.

Note.—The word "property" includes both Service lands and Cash remuneration.

XXXV. The remuneration of the officiating Patels and Shanbhogs shall be fixed on the scale for each, and the sum payable to each officiator shall be his exclusive perquisite, on which no other member of the family shall have any claim.

XXXVI. The Patel and Shanbhog shall in all cases reside in the village or one of the villages constituting their charge. No Patel or Shanbhog shall absent himself from his charge for more than seven days, without previously obtaining leave from the Amildar of the Taluk.

By Order,

(1) *Circular D. O. dated 22nd January 1899, from the Secretary to the Government of Mysore, General and Revenue Departments,*

To

(1) The Deputy Commissioners of Districts.

(2) A. Rangaswami Iyengar, Esq., Inspector General of Police.

(3) T. Ananda Rao, Esq., Director of Agricultural and other Statistics.

(4) P. N. Purnaiya, Esq., Excise Commissioner.

The question of laying down some such rule as that candidates for Amildari and Deputy Amildari should be able to ride well, say continuously 20 miles in 3 hours, and that this ability should be regarded as an indispensable qualificatian, has, for some time past, been under the consideration of Government. In Madras, Probationary Deputy Collectors should, before they are confirmed, produce a certificate of ability to ride eight miles in an hour along on ordinary country bandy track without unduly distressing themselves or their horses. In observing that although it is not desirable to make a similar rule in the case of Tahsildars, the Madras Government have, nevertheless, directed that in selecting candidates for the post of Tahsildars, preference should be given to one who can ride over one who cannot, considering that the duties of Tahsildars frequently require them to travel expeditiously from place to place and at times across country which is impracticable for wheel traffic. I am therefore desired to request you to be so good as to favor Government with your opinion as to what would be the best rule for adoption in Mysore.

(2) *Extract from the "Madras Mail" dated 29th January 1897.*

TAHSILDARS ON HORSE-BACK.

For sometime past Government has been urging the necessity of Tahsildars maintaining horses, and making their inspections on horse-back instead of doing them as of yore by travelling by night in a bullock bandy. To attain this object, Collectors were instructed not to submit to the Board nominations for the post of Tahsildars in favor of candidates who could not ride. They were also instructed to make a distinct remark in the nomination rolls, that their nominees were able to ride across country for eight or nine hours, without unduly distressing themselves or their horses. With a view to avoid the danger of itinerating officers including Tahsildars, reverting to the old ways of making inspections, the Board of Revenue has framed the following Rules, based on those in force in the Separate Revenue Department:—

(1) Every Revenue Officer who is required to spend a portion of the year in touring, is expected to keep at least one serviceable horse or pony with suitable saddlery.

(2) Every officer appointed to the grade of Deputy Collector or Tahsildar either permanently or for a period not less than six months, should, within one month after joining his appointment, provide himself with a serviceable horse or pony and with suitable saddlery. The period of one month may, upon sufficient cause being shown, be extended by the Collector to three months. When six months have elapsed from the date of the officer's joining his appointment, if he is still unprovided with a horse, the fact should be reported for the orders of the Board of Revenue.

(3) If an officer's horse should die or become permanently unserviceable from any cause, he will be allowed one month (which may be extended as above to three months) for replacing it.

(4) Collectors should see that these rules are properly observed and should verify by personal inspection during their tours or on other occasions, the correctness of the entries in the half-yearly return of horses and saddlery next referred to.

(5) Collectors should submit at the end of every half year a descriptive return of the horses ridden by themselves and such of their subordinates as are required to keep horses and also of the saddlery owned by every such officer.

Memo No. 5139-48—R. 2588, dated 30th January 1899.

Copy of the above extract is forwarded to the Deputy Commissioners of Districts, the Excise Commissioner and the Inspector General of Police in Mysore, with reference to the D. O. dated 22nd January 1899.

(3) D. O. dated 25th January 1899, from M. S. Narayana Rao, Esq., Deputy Commissioner Chitaldrug District.

With reference to your letter dated 22nd January, I beg to state that ability to ride must continue to be one of the essential qualifications of an Amildar or Deputy Amildar. How that ability should be tested is a rather difficult matter, and what the standard of efficiency should be, is also not an easy matter to lay down definitely. To prevent varying standards being laid down and accepted, I should suggest a committee of three officers being appointed to examine candidates for employment as Amildars and Deputy Amildars. A Deputy Commissioner, the Inspector General of Police and another officer whom Government should appoint should form the committee. Generally the candidates should be able to ride on an average six miles an hour and at least fifteen miles at a stretch. The examination should not be confined to a single day nor to made roads. It may also not be necessary to expect the candidates to ride cross* country, outside beaten tracks.

(4) D. O. dated 25th January 1899, from M. Narain Rao, Esq., Deputy Commissioner, Tumkur District.

In reply to your D. O. of the 22nd instant, I beg to say that ability to ride well must undoubtedly be made an indispensable qualification for an Amildar or Deputy Amildar, though I am of opinion that the proposed standard of 20 miles in three hours may be reduced to 20 miles in four hours, having regard to the undulating nature of the country these officers have to do when riding from village to village across country. Of course, when occasion requires, an Amildar or Deputy Amildar should be able to escort his superior officer on horseback.

It will also be necessary to require an Amildar or Deputy Amildar to certify in his fortnightly journals that he actually maintains a horse or pony not less than 13 hands in height.

I have noticed that some Amildars are content with keeping small miserable *tats*, and have always been of opinion that the head of a taluk or a sub-taluk should have a decent looking animal.

(5) D. O. dated 26th January 1899, from F. E. C. Carr, Esq., Deputy Commissioner, Kadur District.

In reply to your D. O. dated 22nd instant, asking my opinion with regard to a riding test for Amildars, I would make the following suggestions :—

(1) That it should be a *Sine qua non* that all Amildars in the Malnad or semi-Malnad Districts should be able to ride fairly. In a District like Kadur an Amildar unable to ride is practically useless—in his inspection, jamabandi and police work, he is called on to visit out-of-the-way portions of his taluk to which it is impossible to *drive* and too fatiguing to *walk*—the only means of locomotion is riding.

There is no necessity for an Amildar to be a finished horseman, but he certainly ought to be capable of covering long distances 15 to 20 miles expeditiously, and I invariably make all Amildars accompany me everywhere on horseback. With the exception of the present Tarikere Amildar and the Kadur man, all the others showed themselves capable of the endurance required during His Highness the Maharaja's tour through the District lately.

(2) That in selecting or appointing an Amildar to any District, preference should be shown to a man who can ride.

(3) That before appointment all Amildars should undergo a simple examination in riding.

(4) That Deputy Commissioners should be directed to certify that each Amildar in their respective Districts possesses a *serviceable* pony and is able to ride.

(6) D. O. dated 27th January 1899, from H. H. Sparkes, Esq., Deputy Commissioner, Kolar District.

I have deferred replying to yours of 22nd instant *re* test for Amildars' riding power, as I wished to consult Mr. Hay on the subject and who tells me that he has made a special study of it while in Koppa and where he did a great deal of riding and was able to judge; he also discussed the same subject with Captain Martin. After going over the *pros* and *cons* of the whole matter, we have come to the conclusion that if a man can ride his 20 miles in four hours, that it is quite sufficient, but anything beyond that will unduly distress both man and beast; this we consider ample.

---

*I mean over very rough country.

(7) *D. O. dated 28th January 1899, from K. P. Puttanna Chetty, Esq., Deputy Commissioner, Bangalore District.*

The ability to ride well is, I consider, an indispensable qualification in an Amildar. Frequent journeys of 20 miles or more are a matter of common occurrence in the performance of his duties. Many of the Amildars have of late taken to riding in dog-carts or bullock carts and very few of them keep good riding ponies or horses. They do not cultivate the habit of riding, although they ride sometimes as a matter of necessity when any high officer visits their taluk and then their want of practice in the saddle becomes painfully apparent. I think that 20 miles in 3 hours is a fair test of a man's capacity to ride and his powers of endurance. In fact it is an easy test and may be adopted in Mysore. Some of the present Amildars will, I fear, not satisfy this test, and as a consequence their out-door work is ill done.

(8) *D. O. dated 30th January 1899, from T. Ananda Rao Esq., Director of Agricultural and other Statistics in Mysore.*

(1) I beg to submit as follows in reply to your letter calling for my opinion in respect of the rule which may be adopted in Mysore regarding equitation as a qualification for the posts of Amildar and Deputy Amildar.

(2) If the instructions of the Madras Government in respect of their Tahsildars be as stated in your letter, the extract from the *Madras Mail* of the 29th January 1897, which I herewith send, shows that to attain the object which the Madras Government have in view, the Madras Revenue Board have instructed Collectors not to submit to the Board nominations for the post of Tahsildars in favor of candidates who could not ride, that Collectors are required to make a distinct remark in their nomination rolls that their nominees were able to ride across country for 8 or 9 hours without unduly distressing themselves or their horses, and that with a view to avoid the danger of itinerating officers, including Tahsildars, reverting to the old ways of making inspection by travelling by night in a bullock bandy, Collectors are required to observe certain rules. These rules first declare that every Revenue officer who is required to spend a portion of the year in touring, is expected to keep at least one serviceable horse or pony with suitable saddlery. They next prescribe that Tahsildars on appointment permanently or for a period not less than six months should promptly provide themselves with a serviceable horse or pony and suitable saddlery and thereafter promptly replace the animal, should it die or become permanently unserviceable. Lastly a descriptive return of the horses ridden by Collectors themselves and such of their subordinates as are required to keep horses, and also of the saddlery owned by every such officer, should be submitted at the end of every half year. It appears that these rules which are applicable to Revenue officers are based on those already in force in the Separate Revenue (*i.e.*, the Salt and Abkari) Department.

3. These rules are so much in conformity with the traditions of the Mysore Service that to adopt them here cannot be regarded as a great innovation, and the Statistical statement appended to this letter shows how Mysore is more horsey than Madras, though less so than Bombay.

4. There can be no doubt that Amildars in Mysore to be efficient must know to ride and be in the habit of riding well. They are "the backbone of the whole Administration" as was remarked in Sir James Gordon's well-known minute dated 16th October 1878, which goes on to say, "the best devised measures of Government intended for the good of the people must fail if they are not thoroughly appreciated and heartily responded to by these officers who have to carry them into effect." In all executive matters the Amildar is the mainstay of the Deputy Commissioner. He must make himself personally acquainted with the condition of all parts of his taluk in the course of every year. He must constantly tour in his taluk, visit and verify with ease and expedition all parts of his charge which would otherwise prove unwieldy to him. This requires a good deal of physical activity and some proficiency in riding; and these qualifications are particularly looked for when the forces of the State have to be mobilised for a Famine Campaign or a Plague Campaign. Under such circumstances, to whatever extent the Amildars in a district are not good riders, to that extent the Deputy Commissioners must (it seems to me) be regarded as hampered or handicapped in the satisfactory execution of the measures and orders of Government.

5. There are about 80 Amildars and Deputy Amildars in the State Service. In ordinary times and normal conditions work may get on here as elsewhere if a proportion of these do not know to ride. But on special occasions which arise without much warning, this number, designed for ordinary times and normal conditions, has to be increased, and for the additional hands required the Government has to depend upon local resources. In this view Mysore has to maintain proportionately a larger qualified staff than her neighbours.

6. The proficiency required is of course not very high. Subject to correction by experts in the art, the standard proposed in your letter, *viz.*, ability to ride for three hours continuously at the rate of between 6 and 7 miles an hour seems to me suitable, and does not appear excessive, as it implies previous training and practice in both rider and steed, and implies also, I suppose, their adaptation to each other and some mutual acquaintance. It is a feat which Amildars are not infrequently called upon by the exigencies of the service to accomplish. At

the same time, a great point is that the standard fixed and reached should also be maintained. Qualification will therefore require to be tested also periodically, say, every year or once in two years. The test may be applied in the way of observation by high officers of State while on circuit or by a committee of officers (say the heads of the Military, Police and Excise or Forest Departments) assembling for the purpose at convenient centres (say Bangalore, Mysore and Shimoga).

7. Whether this qualification should be declared indispensable is entirely a question of expediency. Is it probable that Government will have for every four vacancies in the grade of Amildars and Deputy Amildars, say, six candidates possessing this qualification in addition to other indispensable qualifications? If so, there can be no inconvenience in adopting it as indispensable. Otherwise it must only be a qualification deciding the preference between candidates otherwise equally eligible. As it is the Government itself which appoints Amildars and Deputy Amildars, it will I suppose practically make no difference whether the qualification is declared to be indispensable or preferable. It is absolutely necessary that a qualification in equitation should be regarded as being as important as other qualifications which have been declared to be indispensable.

8. Whether a qualification in equitation be regarded as indispensable or preferable, it will be extremely desirable to arrange for some facility in acquiring it and maintaining it. At present it is only those who are at Bangalore or Mysore that can obtain proper instruction in riding and that only by special arrangement. The help required for the selection of a sound and trained steed or for the selection and subsequent training of a sound but untrained steed, is ordinarily not available except at those places, and here again only by special arrangements. It must sometimes happen that the officer who has to equip himself in this way has not the necessary cash in hand or sufficient cash in hand for purchasing the superior kind of animal which he would like to secure. Oftentimes also he cannot get a reliable animal when he needs it most.

9. In former days the presence of a squadron of Silahdars at each District Head-quarters furnished great facilities to officers desirous of receiving proper instruction in riding and of selecting and training suitable horses and of having them rationally treated when ill

10. Such facilities will be required not only by officers in the Revenue Department but also by officers in other Departments. The need for officials able to ride is incresing in all Departments of the State.

11. Under such circumstances I would submit the following suggestions:—

12. The first is that Riding Schools should be established at Bangalore, Mysore and Shimoga, which should be open (both for initial instruction and subsequent practice) to all who aspire to enter or to rise in the public service. The instruction imparted need not be high military instruction but civil riding such as can be acquired in a three or four months' course. The necessary horses can probably be found among "amanath" and "transport" establishments of the Military Department; the necessary instructors can probably be found among those who have to be discharged from the ranks of the Imperial Service Regiments for falling below the standard of efficiency required for continued service there. Such schools would also facilitate the organization and maintenance of some mounted police as branches of the existing special Police Reserves. A moderate fee should of course be prescribed.

13. The next suggestion which I would submit is that the Military Department should every year make available for purchase by officers of Civil Departments a few trained and sound horses and ponies at fixed prices ranging say from 100 to 300 Rupees. This will afford a valuable help to those who cannot otherwise promptly and satisfactorily equip themselves with reliable remounts.

14. The next suggestion which I would submit is that to such as may apply for it money should be lent by Government for purchasing one or two suitable riding animals in each case, the loan being recoverable by stoppages from salary within one or two years.

15. Measures like these will materially diminish the considerable inequality of opportunity which now exists for acquiring the important qualification under discussion.

(9) D. O. dated 31st January 1899, from C. Madiah, Esq., Deputy Commissioner, Mysore District.

With reference to your D. O. dated 22nd instant, I beg to state that it is no doubt very essential that Amildars and Deputy Amildars should be good equestrians. It may be left to the Deputy Commissioner to certify whether a candidate for an Amildari or Deputy Amilderi possesses this qualification or not and to insert the fact in the recommendation roll submitted by him to Government periodically. As a general ability to ride does not dispense with the necessity of undergoing a regular training in order to acquire good horsemanship, the candidate selected for the post of Amildar or Deputy Amildar may be required to produce a certificate of having passed an examination in equitation in the Riding School attached to the Sillehdar Lines, within two months after selection. The Deputy Commissioner may also subject the candidate to the practical examination of making him ride continuously 14 miles in a couple of hours, cross country, not practicable for wheel traffic.

Some such test will, in my humble opinion, answer our requirement.

(10) D. O. dated 1st February 1899, from A. Rangaswami Iyengar, Esq., Inspector General of Police in Mysore.

Your D. O. of the 22nd ultimo. I think that ability to ride is an indispensable qualification for an aspirant to the post of an Amildar or Deputy Amildar. It is, however, not desirable to insist that he should be an expert rider or be able to cover about 20 miles in three hours or ride 8 miles in an hour. Necessity for such rapid journey occurs seldom, and as riding is only one of the many qualifications required for a good executive officer, good and eligible men may sometimes be shut out if high proficiency in equitation be insisted upon. Moreover, an Amildar in inspecting the villages has mostly to go slowly on horseback with the village officials and others, and it is more necessary that he should have the powers of endurance required for keeping on horseback for about 7 or 8 hours than that he should be able to gallop across country in a rattling pace. I would therefore recommend that a rule may be passed to the effect that no one can be eligible for the office of Amildar or Deputy Amildar unless he knows to ride and can, without much personal discomfort, ride across country for 5 or 6 hours.

(11) D. O. dated 6th February 1899, from H. V. Nanjundayya, Esq., Deputy Commissioner, Shimoga District.

In reply to your D. O. of the 22nd January inviting an opinion about a rule providing that Amildars should be able to ride well, I beg to say that riding should be an indispensable qualification for an Amildar. The question is whether this qualification should be a condition precedent to appointment or whether it may be left to be acquired subsequently. I find that all the Amildars in this district ride well enough for all practical purposes, though I believe all of them learnt their riding only when the exigencies of their work required that they should do so. As many Amildars are appointed as such when they are past middle age, I think it would be rather hard if they are required to pass a qualifying test previous to appointment. It would be enough if the appointment is made subject to their showing a capacity to ride 15 to 20 miles at a stretch on their own pony or horse in three or four hours within three or six months after appointment, which in such cases may always be made probationary.

I do not think it necessary to require any examination of saddlery, and I believe the Madras Government has recently cancelled the periodical saddlery return in the case of its officers.

(12) D. O. dated 15th February 1899, from P. N. Parnaiya, Esq., Excise Commissioner in Mysore.

In my opinion, the riding test proposed may be moderated. While fairly good qualification in riding is absolutely necessary for an Amildar and Deputy Amildar, the standard of seven miles an hour and a continuous distance of twenty miles, requires as a *sine qua non* a valuable horse of good blood. Purchasing power of such a valuable animal will be the first requisite. Next, this high proficiency can only be, with very great difficulty, acquired by officials of middle age who may be otherwise eligible by their experience, character and ability to cope with office work. I may, I believe, say it cannot be acquired. Such a rule would shut out recruiting from various offices men of ripe experience, proved character and established ability, while young recruits fresh from colleges or very juniors in service, only will be available. The rule may be made absolute in case of new appointments of young men and modified so as to allow a milder * test for middle aged candidates.

* "To be able to ride without fatigue twenty miles in a stretch at a rate not less than four miles an hour."

(13) Letter No. 661—S., dated 18th March 1899, from D. Devaraj Urs, Esqr., Deputy Commissioner, Hassan District.

With reference to your D. O. letter dated 22nd January 1899, inviting opinion on the question of laying down some rule regarding the ability of candidates for Amildari and Deputy Amildari to ride well, and also your office No. 5139-48—R. 2588, dated 30th January 1899, on the subject, I have the honor to submit that the duties of Amildars and Deputy Amildars are such as frequently require them to travel expeditiously from place to place and at times across country, which is impracticable for wheel traffic, and it is therefore indispensable that they should be able to ride well on horseback. There are also candidates for the Amildari and Deputy Amildari who cannot ride well but who are otherwise thoroughly qualified for it by their education, intelligence, honesty and respectability of character, and they may not have learnt to ride owing to their inability to maintain a horse or for other excusable reasons. But this disqualification ought not, I think, to stand in the way of their getting the appointment. There are also Amildars who, owing to advanced age or some other reasonable causes, are incapable of riding well or may become unable to do so, but this circumstance ought not, I submit, operate as a bar to their continuing in the appointment. In view of these facts and considerations, I suggest that rules similar in import to the following may be framed and brought into force:—

(1) Every Amildar or Deputy Amildar who is required to spend a portion of the month in touring, should keep at least one serviceable horse or pony and of not less than 13· 3 in height with, suitable saddlery.

(2) He should be able to ride continuously 20 miles in three hours.

(3) Every officer appointed to the grade of an Amildar or a Deputy Amildar either permanently or for a period not less than twelve months should, within three months after joining his appointment, provide himself with a serviceable horse or pony of the above description and with suitable saddlery. The period of three months may, upon sufficient cause being shown, be extended by the Deputy Commissioner to six months. When six months have elapsed from the date of the officer's joining his appointment, if he is still unprovided with a horse, the fact should be reported for the orders of Government.

(4) A candidate appointed to the Amildari or Deputy Amildari should, within one year after joining his appointment, produce the certificate of ability to ride as stated in Rule (2) from a Board of officers consisting of the Riding-master and the Regimentdar or any other Military officer.

(5) If an Amildar's or Deputy Amildar's horse should die or become permanently unserviceable from any cause, he will be allowed three months (which may be extended as above to six months) for replacing it.

(6) The Government, either of its own motion or on the recommendation of the Deputy Commissioner, may, for special reasons, wholly or partially exempt any Amildar or Deputy Amildar from the operation of the above Rules.

In addition to the above, Rules similar to those quoted in the extract from the *Madras Mail* forwarded with your office No. 5139-48—R. 2588, dated 30th January 1899, regarding the inspection and the half-yearly return of horses to be kept by the Amildars and Deputy Amildars, may also be adopted as well as such other Rules as Government may be pleased to deem fit.

(14.) Docket No. R. 1521, dated 6th October 1902, from the Secretary to the Government of Mysore, General and Revenue Departments, to the Revenue Commissioner in Mysore.

Has the honor to forward the marginally noted files in connection with the travelling allowance to Amildars and their establisments and equitation qualification of candidates for Amildari, and to request that the Revenue Commissioner in Mysore may be so good as to formulate his proposals in detail on each of the subjects separately and submit them without delay for the orders of Government.

(15.) Letter No. 361, dated 27th October 1902, from the Revenue Commissioner in Mysore to the Secretary to the Government of Mysore, General and Revenue Departments.

Adverting to your docket No. R. 1521, dated 6th October 1902, forwarding the marginally noted files, herewith returned, and requesting me to formulate my proposals regarding the questions under consideration, I have the honor to enclose herein two Memorandums embodying my proposals separately on the questions, namely, grant of travelling allowance to Amildars* for tours within their jurisdiction and equitation qualification of candidates for posts of Amildars and Deputy Amildars.

* Dealt with separately.

II. MEMORANDUM.

The Equitation qualification for Candidates for the posts of Amildars and Deputy Amildars.

It appears to me absolutely essential that some test of equitation should be adopted in considering the eligibility of candidates for executive appointments such as those of Amildars and Deputy Amildars. The rules given below have been framed after mature consideration, and meet with my entire approval :—

1. For entry into service as Amildars and Deputy Amildars, the candidates concerned shall produce a certificate signed by a Regimentdar or by the Chief Commandant or the Military Assistant to Government, stating that he is capable of riding a distance of 20 miles across country continuously within three hours without unduly distressing himself or his horse.

2. No person appointed to act in the above grade shall be confirmed unless he produces within a prescribed time the certificate mentioned in Rule 1.

3. In recommending candidates for appointments in any of the above grades, the Heads of Departments and the Deputy Commissioners of Districts should invariably state whether such candidates possess the above qualification and have produced the certificate prescribed in Rule 1.

4. Every such officer whether now in service or to be appointed hereafter should maintain at least one good horse or pony with suitable saddlery.

5. Every such officer appointed on probation or for a period of not less than six months should, within one month after joining his appointment, provide himself with a good serviceable horse or pony and suitable saddlery. The period of one month may, upon sufficient cause being shown, be extended by the Deputy Commissioner to three months. If, after the lapse of such period, he is still unprovided with a horse and saddlery as above, the fact should be reported for the orders of the Revenue Commissioner.

6. If an officer's horse dies or becomes permanently unserviceable from any cause, he will be allowed one month (or three months by special extension) for replacing the animal.

7. Deputy Commissioners should submit to the Revenue Commissioner at the end of every half year a descriptive return of the horses kept by themselves and such of their subordinate officers as are required to keep horses and also of the saddlery owned by every such officer.

8. Deputy Commissioners should see that the foregoing rules are properly observed and should verify by personal inspection during their tours or on other occasions the correctness of the entries in the half-yearly return of horses and saddlery referred to in Rule 7. They should also test the riding capacity of their subordinate executive officers and report the result for the information of the Revenue Commissioner in the next half-yearly return.

9. Every officer of the above grades must be made to understand that Rs. 25 out of his pay is intended for the maintenance of a decent horse, and if his pay bill does not contain a certificate to the effect that he maintains a decent horse, as required by these rules, the Comptroller shall place his pay under objection and report the fact for the orders of the Revenue Commissioner.

No. R. 4481-523—R. F. 26-1898, DATED BANGALORE, 10TH JUNE 1903.

ORDER THEREON.—The desirability of insisting upon Amildars and Deputy Amildars being able to ride well has been engaging the attention of Government for some time past. On a careful consideration of the subject in all its aspects and of the opinion of officers consulted in the matter, Government deem it expedient in the interests of the executive service to lay down a rule that Amildars and Deputy Amildars should qualify themselves by passing an examination in equitation. The rules framed on this subject are embodied in the accompanying Notification and will be brought into force in the case of all future appointments.

NOTIFICATION.

No. R. 4524, dated Bangalore, 10th June 1903.

In addition to the qualifications prescribed in para 5 of Notification No. 17884—G. F. 349-92, dated 8th May 1902, the following qualification in equitation is prescribed as per rules hereunder :—

(1) For entry into service as Amildars and Deputy Amildars, the candidate concerned shall produce a certificate signed by a Regimentdar or by the Chief Commandant, Mysore State Troops, or by the Military Assistant to Government, stating that he is capable of riding a distance of 20 miles across country continuously within four hours without unduly distressing himself or his horse, and that he is also capable of riding eight miles in one hour.

(2) No person appointed to act in the above grades shall be confirmed unless he produces within a prescribed time the certificate mentioned in Rule (1).

(3) In recommending candidates for appointments in either of the above grades, Heads of Departments and Deputy Commissioners of Districts should invariably state whether such candidates possess the above qualification and have produced the certificate prescribed in Rule (1).

(4) Every Amildar or Deputy Amildar whether now in service or to be appointed hereafter should maintain at least one good horse or pony with suitable saddlery.

(5) Every such officer appointed on probation or for a period of not less than six months should, within one month after joining his appointment, provide himself with a good serviceable horse or pony and suitable saddlery. The period of one month may, upon sufficient cause being shown, be extended by the Deputy Commissioner to three months. If after the lapse of such period, he is still unprovided with a horse and saddlery as above, the fact should be reported for the orders of the Revenue Commissioner.

(6) If an officer's horse dies or becomes permanently unserviceable from any cause, he may be allowed one month (or three months by special extension) for replacing the animal.

(7) Deputy Commissioners should submit to the Revenue Commissioner at the end of every half year, a descriptive return of the horses kept by the Amildars and Deputy Amildars in their districts and also of the saddlery owned by every such officer.

(8) Deputy Commissioners should see that the foregoing rules are properly observed and should verify by personal inspection during their tours or on other occasions the correctness of the entries in the half-yearly return of horses and saddlery referred to in Rule 7. They should also test the riding capacity of their Amildars and Deputy Amildars and report the result for the information of the Revenue Commissioner in the next half-yearly return.

(9) If the pay bill of an Amildar or Deputy Amildar does not contain a certificate to the effect that he maintains a suitable horse as required by these rules, the Comptroller will place his pay under objection and report the fact for the orders of the Revenue Commissioner.

Statement giving the Demand, Collection and Balance under Land Revenue and other items up to end of April 1903.

No. R. 4540-9, DATED BANGALORE, 11TH JUNE 1903.

ORDER THEREON.—The progress of collections in the several Districts up to end of April 1903, as compared with the figures for the corresponding period of previous year, is shown in abstract in the accompanying statement. Out of a total demand of Rs. 1,56,52,511, a sum of Rs. 1,33,45,058 was collected, leaving a balance Rs. 22,27,453 for the whole State.

2. The percentage of balance to total Demand does not compare favorably with that at the end of April 1902 in the Bangalore, Tumkur, Mysore and Chitaldrug Districts. The Deputy Commissioners of these Districts are therefore requested to arrange for better results being obtained, so that the balance at the close of the year may be as low as possible.

Letter No. 368, dated 12th November 1902, from the Deputy Commissioner, Chitaldrug District, requesting to be informed whether para 9 of Form 2, Appendix B of the Land Revenue Rules, which requires Local cess to be levied on realizations from sales of the right of occupancy of unoccupied lands, is to be considered as cancelled by para 4 of the above Government Order, which directs the discontinuance of the levy on realizations from sales of the right of occupancy and of building sites; and whether the cess should be levied on the rent realized from the sale of toddy shops.

No. R. 4598-614—R. F. 66-94, DATED BANGALORE, 16TH JUNE 1903.

ORDER THEREON.—Rule 26 of the Land Revenue Rules and Appendix B thereto are framed in accordance with Section 60 of the Land Revenue Code, and the provision made in the Appendix for the levy of Local cess cannot be departed from. Government therefore direct that para 4 of the Order read above, so far as it authorises the discontinuance of Local cess on the sale of occupancy and of building sites, be rescinded.

2. As regards the levy of Local cess on rents of toddy shops, it is clearly laid down in clause 3, para 5 of the sale Notification of toddy shops No. 429—Ex. F. 6-1902, dated 18th March 1903, that the licensee is not required to make any additional payment on account of Local cess.

4. Out of the increased provision of Rs. 15,630 made in the estimates of expenditure of the Military Department (Chief Commandant), the following items are disallowed for want of explanation:—Rs. 1,200 under "Pay of the Assistant Surgeon, Imperial Service Regiment;" Rs. 13,500, cost of full dress; and the budget is finally passed providing for receipts amounting to Rs. 200 and expenditure to Rs. 8,74,858.

5. In the estimates of expenditure of the Revenue Survey and Settlement Department the provision of Rs. 4,260, made for the pay and allowances of another Probationer, to be trained for being in charge of a classing establishment, under "Pay of Deputy and Assistant Superintendents and Sub-Assistant Superintendents," is disallowed, as the sanction of Government has not been yet obtained for this appointment, and the budget passed finally, providing for an expenditure of Rs. 1,83,854.

6. In the budget of the Gazette and Printing Departments, the estimates of expenditure on account of the Branch Press at Mysore are raised from Rs. 1,164, (provisionally accepted) to Rs. 2,700, (Rs. 2,640 for establishment charges and Rs. 60 for contingencies) as fixed by Government Order No. 13657-8—Mis. 2094, dated 12th March 1903 and the budget is passed finally, providing for receipts amounting to Rs. 2,700 and expenditure to Rs. 69,788.

Correspondence ending with letter No. 7060—151, dated 15th June 1903, from the Comptroller, Mysore Government, relative to the inconvenience and delay involved in embodying in the General budget sanctions accorded by Government subsequent to 31st May.

No. FL., 2361-402, DATED BANGALORE, 30TH JUNE 1903.

ORDER THEREON.—On communication of Government Order No. 1862-4—J. F. Mis., dated 21st May 1903, sanctioning certain temporary clerks for the Central Records of the Shimoga Division, the Comptroller pointed out that the compilation of the Provincial budget had to be closed on or before 31st May 1903, and enquired whether a list of orders passed after that date might be submitted with the budget. With reference to the reply sent, he explains the inconvenience and delay that will be caused, and requests that a date may be fixed, after which no sanctions are to be communicated to him for incorporation in the budget, and proposes 10th May as the last date for communication of sanction and 1st June for submission of the General budget estimates with notes.

2. The Government, on further consideration, direct that no sanction be given after the 1st May for inclusion of any items in the budget for the next year.

If sanctions are accorded in very urgent and special cases after that date, a list of such sanctions may be sent up by the Comptroller.

As regards the submission of the General budget estimate, the date fixed in the Financial rules must be adhered to and it is to be regretted that the budget has been delayed this year.

NOTIFICATION.

No. 661—Ex. F. 3-01, dated 1st June 1903.

In exercise of the powers conferred by Section 29 of the Mysore Excise Regulation, V of 1901, as amended by Regulation IV of 1902, and in exercise of all other powers enabling them in this behalf, the Government of His Highness the Maharaja of Mysore hereby make the following amendments in the Arrack Rules published under Notification No. 11387—EX. F. 3-1901, dated 8th January 1902 :—

(1) At the end of paragraph 2 (*b*) in Rule XXI, insert the following :—

"No farm or separate shop shall be knocked down in the name of more than one person or of more than one company or firm duly represented. The officer conducting the sale shall refuse to register as a purchaser any one in whose name the bidding has not proceeded."

(2) After the word "payable" in line 4 of paragraph 5 (2) in the aforesaid Rule XXI, insert the following :—

"The licensee is not required to make any additional payment on account of local cess."

(3) After the word "payable" in line 5 of condition 2 (2) of the Arrack Vend Farmer's license (Appendix A), insert the following :—

"No additional payment is required on account of local cess."

Insert the following as "Note" to condition 3 of the same license (Appendix A).

"*Note* :—The licensees of the Vend Farms in the Taluks of Chikmagalur, Koppa, Mudgere, Tarikere, Manjarabad and Belur and such other taluks as may be specified by the Excise Commissioner can also purchase jaggory arrack from Bonded Depots in duly corked sealed bottles at Rs. 6-2-6 (including duty with local cess *viz.*, Rs. 4¾) per gallon of 20° under-proof and sell such bottles only to respectable individuals at Rs. 7-7-0 per gallon of 20° under-proof or Rs. 1-3-10 per reputed quart bottle."

After "Rs. 4¾" in line 2 of condition 4 of the aforesaid license, insert the words "(including local cess)."

(4) After the word "payable" in line 4 of condition I of the separate shop license (Appendix D), insert the following :—

"No additional payment is required on account of local cess ;"

and substitute the following for condition V of the same license :—

"V. The license-holder shall purchase molasses arrack at 8½ annas per gallon of 20° under-proof from the manufacturers, who have been authorized to manufacture arrack and other country spirits, or from a Bonded Depot established under the sanction of Government. He can also purchase jaggory arrack from the Bonded Depot in duly corked sealed bottles at Rs. 6-2-6 (including duty with

local cess, *viz.*, Rs. 4¾) per gallon of 20° under-proof and sell such bottles only to respectable individuals at Rs. 7-7-0 per gallon of 20° under-proof or Rs. 1-3-10 per reputed quart bottle. He shall sell molasses arrack to the public at Rs. 6-6-0 per gallon of 20° under-proof (*i. e.*, at annas 2 per dram, which is equal to $\frac{1}{31}$st part of a gallon) and at proportionate rates for lower strengths.

After "Rs. 4¾" in line one of condition VII of the above license (Appendix D), insert the words "(including local cess)."

(5) Substitute the following for condition 11 in the Bonded Depot License (Appendix R of the aforesaid rules) :—

"You shall not keep in your depot, offer for sale, or sell or issue, any arrack or other country spirits, except those supplied by the Government transporting contractors; neither shall you keep in your depot, offer for sale, or sell or issue, arrack or other country spirits of any other strength than 20° under-proof, without special permission. The arrack or other country spirits kept in your depot, offered for sale, or sold or issued, shall be unadulterated and undiluted.

Letter No. 4586—254, dated 7—11th February 1903, from the Excise Commissioner in Mysore, submitting the record of enquiry relating to the Sri Parakalaswami Matt's claim to the toddy revenue of Kallahalli and Sarangi villages in the Krishnarajpete Taluk, Gowdagere and Kodahalli villages in the Mandya Taluk, and Doddagowdanakoppal in the Seringapatam Taluk, Mysore District.

No. 717-19—Ex. F. 12-01, DATED BANGALORE, 20TH JUNE 1903.

ORDER THEREON.—There are both toddy shops and date groves in the villages referred to above except Sarangi, where there is only a grove. The Sannad and the Inam Title deeds concede the item of toddy revenue to the Inamdar. Concurring with the opinions of the investigating officer and the Excise Commissioner and presuming that the Inamdar has been enjoying the revenue for 12 years prior to 1892-93, Government hold that the matt is entitled to the Excise Revenue from toddy subject to Rules 2, 5, 9 and 13 issued in Government Proceedings No. 2074-83—R. F. 166-92, dated 2nd August 1901.

2. The Assistant Commissioner has in this case proceeded on the assumption that there is a shop in Sarangi and for this assumption the only evidence is the statement of the matt agent. The Excise Commissioner reports that there is no shop in Sarangi and the Government, while accepting this report, notice with displeasure the perfunctoriness of the Assistant Commissioner's (Mr. P. Srinivasa Rao) enquiry.

3. The Excise Commissioner is requested to specify the amounts payable to the Inamdar for past years under the rules and to call upon the investigating officers to give this information in future reports.

No. 722-3—Ex. F. 12-01, DATED BANGALORE, 22ND JUNE 1903.

ORDER THEREON.—The village in question has both a toddy shop and a grove. The Sannad and the Inam Settlement concede the Toddy revenue to the Inamdars, who also appear to have enjoyed the revenue at least since 1879. Government, concurring with the views of the investigating officer and the Excise Commissioner, hold that the Inamdars are entitled to the Excise revenue from toddy, subject to Rules 2, 3, 5, 6 and 9 issued in Government Order No. 2074-83—R. No. 726-7—Ex. F. 12-01, DATED BANGALORE, 22ND JUNE 1903.

ORDER THEREON.—All the three villages referred to above contain date groves and two of them (Santekesalgere and Belur) contain toddy shops also. The Inamdars' claim to the Excise revenue from toddy, which is supported by the Sannad, Inam Settlement, and long enjoyment, is allowed, the payment being regulated by Rules 2, 3, 5, 6, 9 and 13 contained in Government Order No. 2076-84—R. Letter No. 4272—191, dated 22nd January 1903, from the Excise Commissioner in Mysore, reporting on the claim to the toddy revenue of the Jodi Agrahar Hosahalli village, Chiknayakanhalli Taluk, Tumkur District.

No. 728-9—Ex. F. 11-01, DATED BANGALORE, 22ND JUNE 1903.

ORDER THEREON.—The sannad does not concede toddy revenue to the Jodidars and it has been reserved to Government at the Inam Settlement. The Inamdars are therefore entitled to only 1/5 of the grove-rent from 1892-93 to 1896-97 under Rule 4 of the rules contained in Government Order No. 2074-83—R. F. 166-92, dated 2nd August 1901, and to tree-rent for the succeeding years. No. 730-1—Ex. F. 11-01, DATED BANGALORE, 22ND JUNE 1903.

ORDER THEREON.—There is a grove but no toddy shop in the village referred to above. The Inamdars are not entitled to the Excise revenue from toddy either by the Sannad or by the Inam Settlement. They will therefore be allowed only the tree-rent.

A much larger sum than what was actually due to the Inamdars has been advanced to them and this excess payment should be recovered and the fact reported to Government.

Correspondence ending with letter No. 296, dated 5th May 1903, from the Deputy Commissioner, Mysore District.

No. 2474-82—MUZ. F. Nc. 34-93, DATED BANGALORE, 8TH JUNE 1903.

ORDER THEREON.—From the records received with the letter read above, it is observed that the Deputy Commissioner of Mysore issued orders sanctioning the grant to one Lakshmi Narasimhachar of Mysore of one seer of rice per diem with condiments or the payment of its equivalent value—about Rs. 7 per mensem—from the Muzrai annachattram at Melkote.

2. The chattram at Melkote, the feeding wherein was revived only in February 1902, has very little money (about Rs. 40 a month), and the Government have, in their Proceedings No. 1188-9 of the 7th February 1902, distinctly directed that this amount should be utilized solely for feeding *bonâ fide* travellers. By taking away from this small amount a sum of Rs. 7 a month, the object of the annachattram would certainly be defeated.

3. Upon an enquiry from this office as to how the rice allowance was granted without obtaining the previous sanction of Government, as directed in the Government Proceedings No. 23-32—Circular 1, dated 13th April 1892, it is explained that the allowance was granted by the Deputy Commissioner in the exercise of the enhanced powers vested in him on the abolition of the office of the Muzrai Superintendent, as per Government Proceedings No. 13343-53—Mis. 3495, dated 9th April 1901.

4. With reference to the above, the Government point out that the extension of powers referred to does not include fresh alienations of Government funds of the kind under reference. As the rice allowance in question is too much of a sequestration for a small chattram like that at Melkote, Government direct that it should be stopped. The Deputy Commissioner is requested to report the action taken in the matter to Government for information.

READ—

Correspondence ending with letter No. 425, dated 14th March 1902, from the Deputy Commissioner, Hassan District, recommending the restoration to the Sri Agastheswaraswami temple at Ramanathpur in the Arkalgud Taluk, of the resumed Kayamgutta village of Kakkehalli in the Manjarabad Taluk.

No. 2620-3—MUZ. F. 9-93, DATED BANGALORE, 29TH JUNE 1903.

ORDER THEREON.—The Kayamgutta village of Kakkehalli in the Kenchammana Hoskote hobli of the Manjarabad Taluk was originally granted as inam to the Sri Agastheswaraswami temple at Ramanathpur in the Arkalgud Taluk. The jodi pay-

able to Government on the Kayamgutta village for the five years from 1879-80 to 1883-84, amounting to Rs. 257-9-8, having, through the fault of the temple parpattegar, fallen into arrears, the entire village was resumed to Government and the arrears written off the accounts by orders conveyed in Government Proceedings No. C. 781-3, dated 11th July 1885. An annual cash allowance of Rs. 13 was granted in 1886 to the institution in lieu of the resumed village, thus increasing its original cash Tasdik from Rs. 142 to Rs. 155 per annum. The Survey Settlement was also subsequently introduced into the village.

2. In the year 1898, the Deputy Commissioner reported that subsequent to the resumption of the village, the Government had not only realized the arrears due thereon but had also collected no less than Rs. 1,600 in excess of Government demands, after paying to the temple the additional cash allowance of Rs. 13 per annum, and he recommended that, as the temple was a very ancient and important one, the resumed inam village might be restored to it. Compliance with this request having been refused in docket No. 222, dated the 20th August 1900, the Deputy Commissioner of Hassan has again, in his letter cited in the preamble, pressed the same recommendation, pointing out the importance of the temple and reporting that it is in a dilapidated condition and is in want of funds for its repairs.

3. The Government observe that it was rather hard on the temple that on the ground of Government dues not having been duly paid for a few years owing to the fault of the managing parpattegar, the whole village should have been altogether resumed. The additional cash Tasdik of Rs. 13 per annum granted to the institution by way of exchange, bears no fair proportion to the income now derived by Government from the village after the introduction of the Survey and Settlement, the present average annual saving to Government being about Rs. 129, after deducting the enhanced jodi and the additional grant of Rs. 13 a year, by which sum the Tasdik was increased in 1886. Under these circumstances and in view of the facts that the temple is of some note and the default in payment of arrears was caused by an irresponsible parpattegar, the Government of His Highness the Maharaja are of opinion that the temple should be fairly re-imbursed for the loss sustained by it by the resumption of the village. Considering, however, the length of time that has elapsed from the date of the resumption, and the difficulty felt by Muzrai Institutions in managing lands, the Government think that instead of actually restoring the village to the temple, the grant of a cash allowance nearly equivalent to the surplus annually derived by Government from the proceeds of the village is most suitable in the present case, and they are accordingly pleased to direct that an annual cash grant of Rs. 120 (one hundred and twenty) be assigned to the temple in addition to the grant of Rs. 13 per annum sanctioned in 1886. The Superintendent of Inam Settlements in Mysore is requested to register the cash grant sanctioned above in the name of the temple, in addition to Rs. 142 and Rs. 13 per annum which it has been separately enjoying, thus raising the total grant to Rs. 275 per annum, with effect from the 1st July 1903, and to report the action taken to Government in the Muzrai Department for information. The additional grant now sanctioned should be provided for in the Muzrai budget for 1903-4.

4. The temple is reported to be in urgent need of repairs. The Deputy Commissioner is requested to submit at a very early date an estimate of the probable cost of the necessary repairs together with the Treasury Officer's certificate showing the exact amount of the accumulated profit derived by Government from the year of resumption (1885-86) of the inam village.

5. Detailed and definite proposals towards efficiently revising the scale of Paditara and other charges in the temple should be submitted to Government for sanction.

PUBLIC WORKS

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

The following Note by the Chief Engineer, dated 5th May 1903, submitting, for approval and orders of Government the Public Works Budget estimates for the year 1903-04.

I beg to submit, the accompanying rough Public Works Budget estimates for the year 1903-04, for preliminary approval and orders of Government in Council, prior to having them printed, and submitting them to His Highness the Maharaja for formal sanction. These estimates amount to Rs. 44,08,337 against Rs. 38,27,600 of the previous year, and will be met from the followng sources:—

	Rs.
Provincial Fund	35,98,000
District Funds	3,90,337
Local Funds General	1,18,000
Irrigation Cess Funds	2,52,000
Palace Fund	50,000
Total ..	44,08,337

2. *Provincial Fund.*—The normal grant under this head has been assumed at 26 lakhs, as provided for by the Comptroller in his Provincial budget for the next year. But owing to the insufficiency of this amount to meet requirements, many useful and necessary works brought forward by Superintending Engineers and the Heads of Departments concerned have been omitted from the budget as will be seen from the separate list of works omitted from the Provincial budget, herewith put up. It is also to be regretted that it has not been found possible to provide what I consider a sufficient sum for "Ordinary irrigation works" nor have I been able to grant a sufficiently large individual allotments even to those works entered in the budget. An extra grant of perhaps Rs. 50,000 could be most usefully expended on resto ration of tanks.

3. In addition to the above grant of 26 lakhs, provision has been made for a special grant of Rs. 9,98,000 for the following "Special Works":—

		Rs.
(1)	Kolar Gold Fields Water-supply Project ..	6,84,000
(2)	Mysore City Sanitary Improvements ...	3,00,000
(3)	Imperial Service Transport Lines at Bangalore ...	15,000
(4)	Bathing ghat and chattram at Seringapatam ...	20,000
(5)	Memorial works at Calcutta ...	29,000
	Total ...	9,98,000

4. The Kolar Gold Fields Water-supply project has already been recognised to be a special work outside the normal grant of 25 lakhs and provided for accordingly by the Comptroller in his Provincial budget, so also, it is presumed, the Mysore City Sanitary Improvements will be considered a special work, on account of the special nature and magnitude, of the work, and financed separately.

5. As regards the remaining three works it will be seen that these are also special works the required funds for which were granted from the Military and Muzrai Budgets in previous years. These are now included in the Public Works Budget, in accordance with Government orders on Mr. C. R. C. Kiernander's Audit report (*vide* para 38 of Proceedings No. Fl. 1150-1102—18-1901-02, dated the 17th February 1903) that all works carried out by the Public Works Department should be provided for in that budget. But so far as I understand the sums usually allotted to these Departments in the Civil Budget as hitherto will be transferred to the Public Works Department for inclusion in this budget. Similar grants from the Civil Budget, from other Departments such as Forests and Education will, it is presumed be also transferred.

6. It will be seen that the total Provincial grant for Public Works for 1903-04, amounts to Rs. 35,98,000 as shown in Abstract No. 1. Excluding the special grant of Rs. 9,98,000 explained above, the distribution of the normal grant of 26 lakhs by Service Heads will be as follows as compared with the corresponding grant of the previous year.

7. Leaving out of consideration urgent repair and minor works for which moderate provision has been made, a sum of Rs. 2,49,000 has been allotted for new works as shown above. It is requested that this provision may be allowed, as all the works provided for are very necessary and urgent, and cannot be well postponed.

8. *District Funds.*—The grants under this head represent those sanctioned by Government in the General Department for the several districts for works of this class to be carried out by the Public Works Department. They aggregate Rs. 3,90,337 against Rs. 3,88,084 of the previous year.

9. *Local Funds General.*—The grant proposed under this head is Rs. 1,18,000 against Rs.81,600 of the previous year. This amount includes Rs. 35,000 on account of four new works considered desirable and detailed in the budget.

10. *Irrigation Cess Fund.*—The total assets under Irrigation cess proper available for expenditure during 1903-04, are estimated at Rs. 2,52,000 as intimated by the Comptroller, and this amount has been taken as the grant for this budget.

11. *Palace Fund.*—Under this head a grant of Rs. 50,000 has been provided, and a copy of the budget has been forwarded to the Palace Controller for approval.

12. *Establishment.*—The total charges under this head amount to Rs. 8,19,000 against the original grant of Rs. 8,01,600 and revised grant of Rs. 8,31,320 of the previous year. This works out to 23·1 per cent on grant for works which is moderate

13. *Tools and Plant.*—The total amount provided under this head is Rs. 46,986 against Rs. 24,481 of the previous year. This large difference is due to a sum of Rs. 25,000 required during the next year, for purchasing two steam road rollers for the Provincial roads in Mysore town and roads leading from Mysore to Nanjangud, Seringapatam and to the Coorg frontier, the maintenance of which in fair order is a matter of difficulty now with the enormous traffic using them.

No. 545-75—2846-76, DATED BANGALORE, 2nd JUNE 1903.

ORDER THEREON.—The Public Works Budget estimates for the year 1903-04, submitted with the Note read above, are sanctioned, subject to the following modifications.

(1) The estimated cost of the Hospital and quarters for the Surgeon etc., at the Kolar Gold Fields be limited to Rs. 30,000 and that the allotment for 1903-04, be reduced to Rs. 15,000.

(2) The estimate involving an outlay of Rs. 11,354 for converting the work-shed of the Jail at Shimoga into a District Lock-up should be reconsidered and the cost if possible, reduced.

II. As modified, the Budget provides for an expenditure of Rs. 44,03,337 distributed as noted below:—

	Rs.
Provincial Fund	35,93,000
District Funds	3,90,337
Local Funds General	1,18,000
Irrigation Cess Fund	2,52,000
Palace Fund	50,000
Total ...	44,03,337

III. Of the works omitted from the Provincial Budget for want of funds the following are considered very necessary, and the Comptroller will be good enough to see if an additional grant could be given for these works, when submitting the State Budget to Government. If not, they will be given preference if funds become available by reappropriation of grants:—

	Rs.
1. Extending the Munsiff's Court at Dodballapur	3,000
2. Flooring with tiles the Museum at Bangalore	2,000
3. Constructing upper storey on the District Office at Kolar ...	7,500
4. Constructing Students' Home to the High School at Tumkur.	5,000

		Rs.
5.	Providing iron record racks and railings between the Judicial and English record rooms of the Deputy Commissioner's Office at Mysore.	5,000
6.	Constructing new Hospital at Mysore	5,000
7.	Direct road from the Cantonment to the Lal-Bagh gardens at Bangalore	10,000
8.	Constructing vegetarian kitchen in compound of certain travellers' bungalows in the Shimoga District ...	2,000
9.	Providing railings for the high embankments near the Tadasa bridge	1,000
10.	Constructing 5th Division, Imperial Service Transport Lines	0,000
11.	Constructing quarters for Inspecting Officer of Imperial Service Troops	15,000
	Total ..	95,500

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

(1) Memo No. 101, dated 26th April 1903, from the State Geologist and Secretary to Government, Geological Department, suggesting that for the better progress of Geological Survey work it is necessary that Mr. Wetherell, who is now doing part of the lecturing work in Geology in the Central College should be relieved of that work, that Mr. V. S. Sambasiva Iyer, who is now also doing part of the lecturing work, may be entrusted with all lecturing work, with the reservation that for some time to come Mr. Wetherell should inspect the progress of the students and advise Mr. Sambasiva Iyer as to the course of lectures and the scope of work, and that Mr. Sambasiva Iyer in addition to lecturing at the Central College should continue his connection with the Department in the capacity of Curator of the Geological Museum.

(2) Memo No. 182, dated 27th April 1903, from the Principal, Central College, stating that he has no objection to Mr. Sambasiva Iyer's taking all Geological lectures in the Central College, and relieving Mr. Wetherell of this work during the second half of the year, that it ought to be an advantage to his work in the College that Mr. Sambasiva Iyer should retain his position in the Geological Department and keep up his practical interest in the subject and that he approves of the State Geologist's proposal to make the appointment a combined one and would only stipulate that so far as the College work is concerned Mr. Sambasiva Iyer should be subject to the orders of the Principal in the same way as the other members of the staff.

No. 621-4—S, DATED BANGALORE, 2ND JUNE 1903.

ORDER THEREON.—The Government are pleased to approve of the arrangement recommended in the above memos and to direct that Mr. V. S. Sambasiva Iyer, B.SC., L.C.E., Officiating third State Geologist, be appointed as Lecturer in Geology, Central College, and Curator of the Geological Museum with effect from 1st July 1903, relieving Mr. Wetherell of all lecturing work.

2. The Government also approve of the State Geologist's proposal that for some time to come Mr. Wetherell should inspect the progress of the students and advise Mr. Sambasiva Iyer as to the courses of lectures and the scope of the work.

3. The arrangement ordered above does not affect Mr. Sambasiva Iyer's status as a member of the Geological Department subordinate to the State Geologist, but so far as his work in the Central College is concerned he will be subject to the orders of the Principal of the College in the same way as the other members of the College staff.

4. The salary of the combined appointment now ordered will be fixed at Rs. 400, rising to Rs. 700, by annual increments of Rs.50. Mr. V. S. Sambasiva Iyer will, however, start on a salary of Rs. 500 per mensem, being the next higher stage of salary above the average emoluments which he at present draws.

Government Proceedings (Geological) No. 19—M., dated 27th August 1896, stating that the schedule of lands and assessments appended to the renewed lease of the Manighatta Gold Mining Block granted to Messrs. George Lavelle and David J. Lavelle on the 24th August 1896, is subject to verification and alteration according to the results of the Revenue Survey.

No. 643-6—S., DATED BANGALORE, 11TH JUNE 1903.

ORDER THEREON.—In accordance with the above Proceedings, the Manighatta Gold Mining Block has been surveyed by the Revenue Survey Department and a schedule showing the area and the assessment on the lands comprised in the block has been prepared and will be appended to the renewed lease granted to the lessees.

2. The revised schedule hereto appended will take effect from the date of the grant of the lease and the assessment due on the block will be adjusted accordingly.

3. The bill from the Revenue Survey Department for the cost of the survey of the block is herewith forwarded to the Deputy Commissioner, Kolar District, who is requested to realise the amount from the lessees and credit it to Government under the proper head.
